December 19, 2006

Honorable Board of Supervisors County of Kern

Honorable Board Members:

The Comprehensive Annual Financial Report (CAFR) of the County of Kern (County) for the fiscal year ended June 30, 2006 is hereby submitted in compliance with Section 25253 of the Government Code of the State of California and Board of Supervisors' Resolution No. 69-58, dated January 28, 1969. The accompanying financial statements were prepared in accordance with generally accepted accounting principles in the United States of America (GAAP), and audited by a firm of certified public accountants in accordance with generally accepted auditing standards in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by Brown Armstrong, a firm of certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2006 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the County's financial statements for the fiscal year ended June 30, 2006 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair

presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports will be available in the County's separately issued Single Audit Report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The County of Kern was organized April 2, 1866 from portions of Los Angeles and Tulare Counties, making it the southernmost county of California's San Joaquin Valley, and occupies 8,170 square miles. Kern County is organized as a general law county under California law, and is divided into five supervisorial districts. Approximately 40 percent of the residents live in the unincorporated area. There are eleven incorporated cities located within the County. Bakersfield, the County seat, has approximately 60 percent of the County's total population of 770,424 living within the greater metropolitan area.

Policymaking and legislative authority is vested in the County Board of Supervisors (Board), which consists of an elected supervisor from each of five districts. The Board is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and appointing the County Administrative Officer and most non-elected department heads. Supervisors are elected to four-year staggered terms, with two supervisors being elected in even-year elections and three supervisors being elected in odd-year elections. The County has elected department heads responsible for the offices of the Assessor-Recorder, Auditor-Controller-County Clerk, District Attorney, Sheriff-Coroner, and Treasurer-Tax Collector. In addition, the department heads for the following departments are appointed by and report directly to the Director of the Resource Management Agency: Community and Economic Development, Engineering and Survey Services, Environmental Health Services, Planning, and Roads.

As depicted on the organizational chart on page 8, the County provides a full range of services in the following areas: general government; public protection; public ways and facilities; health and sanitation; public assistance; education; and culture and recreation.

The annual budget serves as the foundation for the County's financial planning and control. The County prepares and adopts a budget on or before August 30 each fiscal year in accordance with Government Code Sections 29000-29144. The County adopts budgets for all major funds and certain non-major governmental funds. The Auditor-Controller-County Clerk is responsible for controlling expenditures within budgeted appropriations. Expenditures are controlled at the object level for all budget units within the County. Encumbrance accounting is utilized to ensure effective budgetary control and accountability. Unencumbered appropriations lapse at year-end and encumbrances outstanding at that time are reported as reservations of fund balance for subsequent year expenditures. Transfers of appropriations between budget units must be approved by the Board of Supervisors. Necessary supplemental appropriations, normally financed by unanticipated revenues during the year, and transfers of appropriations between expenditure object classifications, must also be approved by the Board.

Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the General Fund and all budgeted major funds, comparisons are presented on pages 98 - 118 as part of the required supplementary information. For non-major governmental funds with appropriated annual budgets, these comparisons are presented in the combining and individual fund statements and schedules subsection of this report, which begins on page 139.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County operates.

Local economy

Oil extraction, agricultural production, and government are driving forces in the County's economy. Four of the top ten taxpayers of the County are oil producers or are closely related to the oil industry. Kern County remains the largest oil-producing County in the State, containing an estimated 71% of all the State's oil reserves.

The Assessor's total net assessed valuation roll at June 30, 2006, with oil and gas representing approximately 23% of the total, reflected a 15.24% increase in value, which increased available property taxes to the County in fiscal year 2005-06.

Agriculture continues to remain relatively stable, with the County being the fourth leading producer of agricultural products in the State. The unemployment rate decreased significantly from 9.1% in 2004-05 to 7.6% in 2005-06. The population of the County increased by 2.30% from 753,070 to 770,424. The County's major employers continue to be the public school system, Edwards Air Force Base, China Lake Naval Weapons Center and the County of Kern.

Debt administration

The County has instituted a cash management program for its General Fund through the issuance of tax and revenue anticipation notes. The notes provide cash flows to meet General Fund expenditures during the period prior to collection of property taxes. On July 5, 2005 the County issued \$125,000,000 in Tax and Revenue Anticipation Notes that matured on June 30, 2006. On July 6, 2006, the County issued \$160,000,000 in Tax and Revenue Anticipation Notes that matured on June 30, 2007.

As of June 30, 2006, the County had outstanding certificates of participation in a principal amount of \$67,145,000. The proceeds of such certificates of participation are being used for the purchase of equipment, as well as the acquisition, construction and renovation of certain public facilities within the County.

A summary of the County's certificates of participation as of June 30, 2006 includes (in thousands):

In 1995 the County of Kern issued Taxable Pension Obligation Bonds in the amount of \$227,818,439. The courts and the Kern County Retirement Association were included in the original issuance of the bonds; however, they are no longer part of the County. In 2003, the County issued additional Taxable Pension Obligation Bonds in an amount of \$288,177,067.

Cash management policies and procedures

The County of Kern pools deposits for County departments as well as for local agencies such as cities, school districts and other special purpose districts within the County. The Treasurer's pooled cash and investments do not include funds of the Kern County Employees' Retirement Association, which is an independent entity.

The Kern County Employees' Retirement Association is governed by the Board of Retirement. Investment counselors are hired by the Board of Retirement to invest retirement fund assets.

The County Treasurer-Tax Collector is the direct receiver of property tax payments and most large government payments for the County and local districts. All collections for fees and services received at the County department level are required to be deposited with the County Treasurer-Tax Collector. In order to improve security over departmental collections and expedite investment of receipts the County Treasurer-Tax Collector has implemented a cash concentration program with a local bank, allowing County departments to deposit directly to a County bank account. At June 30, 2006 the Treasurer's Pooled Cash included cash and investments totaling \$1.431 billion.

Pooled Cash funds are managed by Treasurer-Tax Collector staff to maintain adequate liquidity to meet daily operating demands and to provide the highest interest earnings possible within County investment policies and Government Code Section 53635. Investments authorized under this policy include U.S. Treasury and Agency obligations, local and State bond issues, banker's acceptances, commercial paper of prime quality, certificates of deposit, medium term corporate notes, mutual funds and mortgage backed securities. In October 1995, the Board of Supervisors approved formation of a Treasury Oversight Committee. The purpose of the committee is to review and monitor the Pooled Cash investment policy and to contract for an annual investment program compliance audit, filed with the Treasurer-Tax Collector. Earnings on Pooled Cash during fiscal year ended June 30, 2006 averaged 3.54%, which compares with 3.89% for 91-day Treasury Bills for the same period. Interest earnings are allocated quarterly to each fund based on each fund's average daily balance.

Risk management

The Risk Management Division of the Office of County Counsel determines and administers all risk coverage requirements for the County of Kern. The County of Kern is generally self-insured for general liability, unemployment insurance, workers' compensation and employee medical and dental claims.

Excess liability insurance provides coverage for claims over \$2,000,000 and up to \$27,000,000. The policy protects the County of Kern and its employees against most legal liabilities arising from automobile liability, product damage, contractual liability, non-hospital malpractice and public officials' errors and omissions. For medical malpractice, excess liability insurance is maintained for claims over \$5,000,000. Workers' compensation claims are self-insured up to \$1,500,000 per occurrence. Excess coverage is maintained for workers' compensation claims up to statutory limits. The County does not self-insure against liability at its seven airports. Airport Liability insurance and Excess Airport Liability insurance is maintained.

Financial activity of the programs is accounted for in separate Internal Service Funds for General Liability, Group Health, Retiree Group Health, Unemployment Compensation and Workers' Compensation. Specialty insurance is accounted for in the General Fund.

Defined benefit pension plan

The County's Board of Supervisors established the Kern County Employees' Retirement Association (KCERA) under the provisions of the County Employees' Retirement Law of 1937 on January 1, 1945. All permanent employees of the County and other agencies are covered by KCERA, which operates a cost-sharing, multi-employer defined benefit plan. It is the responsibility of KCERA to function as an

investment and administrative agent for the County with respect to the pension plan. KCERA became independent from the County's supervision and control as a result of the 1992 passage of Proposition 162, which legally established the independent control of the Board of Retirement. Separate audited financial statements can be obtained from KCERA at 1115 Truxtun Avenue, Bakersfield, California 93301.

Each year, an independent actuary engaged by the pension plan calculates the amount of the annual contribution that the County must make to the pension plan to ensure that the plan will be able to fully meet its obligations to retired employees on a timely basis.

The County also provides post retirement health and dental care benefits for certain retirees and their dependents. At June 30, 2006, there were 866 retired employees receiving the Retiree Health Premium Supplement Program and 2,669 retired employees receiving the Retiree Health Stipend. Additional information on the pension arrangement and post employment benefits can be found in Notes XII. C and XII. G, respectively, in the notes to the financial statements.

Awards and Acknowledgments

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Kern for its comprehensive annual financial report for the fiscal year ended June 30, 2005. This was the ninth consecutive year that the County of Kern has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

I wish to express my appreciation to the staff of the Auditor-Controller-County Clerk's Office whose hard work, professionalism and dedication are responsible for the preparation of this report, and to the firm of Brown Armstrong, Certified Public Accountants for their professional assistance. Finally, I would like to thank the Board of Supervisors and the County Administrative Office for their continued efforts in planning and conducting the County's financial operations in a responsible and progressive manner.

Respectfully Submitted,

Ann K. Barnett

INDEPENDENT AUDITOR'S REPORT

To the Honorable Board of Supervisors of the County of Kern, California

We have audited the accompanying financial statements of governmental activities, the business-type activities, each major fund, the aggregated remaining fund information, and the fiduciary funds of the County of Kern, California as of and for the year ended June 30, 2006, which collectively comprise the County of Kern's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County of Kern's management. Our responsibility is to express an opinion on these financial statements based

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the aggregated remaining fund information, and the fiduciary funds of the County of Kern, California, as of June 30, 2006, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 1 to the financial statements, in 2006 the County adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 44, Economic Condition Reporting, The Statistical Section (An Amendment of NCGA Statement 1).

The management's discussion and analysis and budgetary comparison information as listed in the required supplementary information section of the accompanying table of contents are not a required part of the County of Kern's basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the County of Kern, California's basic financial statements. The combining and individual fund financial statements and schedules, the introductory section, and the statistical section identified in the table of contents, where applicable, are presented for the purposes of additional analysis and are not a required part to the basic financial statements. The information in introductory section and the statistical section has not been subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we do not express an opinion on them. The combining and individual fund financial statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

In accordance with *Government Auditing Standards*, we have also issued a report dated December 19, 2006 on our consideration of the County of Kern's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

County of Kern Management's Discussion and Analysis For the Year Ended June 30, 2006 Unaudited

Management's discussion and analysis section of the County of Kern's (County) Comprehensive Annual Financial Report (CAFR) presents a narrative overview and analysis of the financial activities of the County for the fiscal year ended June 30, 2006. Users of these financial statements should read this section in conjunction with the transmittal letter at the front of the CAFR and the County's basic financial statements following this section. All amounts, unless otherwise indicated, are expressed in thousands of dollars.

FINANCIAL HIGHLIGHTS

- At June 30, 2006, the County's total net assets were \$390,912. Of this total net asset amount \$23,777 is restricted, which may be used for the County's ongoing obligations with external restrictions. (For detail on Restricted Net Assets see Note XI. C on page 81). The remaining balance of the total net assets is a deficit balance of \$175,174, representing the unrestricted net assets.
- During the current fiscal year, the County's net assets increased by \$51,600. The County's net assets for governmental activities and business-type activities increased by \$39,866 and \$11,734, respectively.
- At June 30, 2006, the County's governmental funds reported total ending fund balances of \$297,974, an increase of 10.9% compared to prior year's total ending fund balance. Approximately 70% or \$207,264 is unreserved fund balance, which is available for spending. See further discussion in the Financial Analysis of the Government's Funds section on page 18.
- At June 30, 2006, the unreserved fund balance for the General Fund was \$80,986 or 19.5% of total General Fund expenditures.
- At June 30, 2006, the County's total long-term debt decreased by \$16,028, primarily due to the normal maturity of existing long-term debt.

OVERVIEW OF THE FINANCIAL STATEMENTS

Management's discussion and analysis is intended to serve as an introduction to the County's basic financial statements. These statements are organized so that readers can understand the County of Kern as a financial whole or as an entire operating entity. The County's basic financial statements are comprised of three components: 1) Government-wide financial statements; 2) Fund financial statements and 3) Notes to the financial statements. In addition to the financial statements, the CAFR also contains other supplementary information.

1. Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the County's finances in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the County's assets and liabilities, with the difference between the reported assets and liabilities as net assets. Over time, increases and decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information illustrating how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event takes place regardless of when cash is received or paid. Thus, some revenues and expenses are reported in the CAFR for some items that will only result in cash inflows and outflows in future fiscal years.

Both the Statement of Net Assets and the Statement of Activities distinguishes between activities that are primarily financed with taxes and intergovernmental revenues (governmental activities) and those that are intended to recover all or a significant portion of their costs through user fees and charges for services (business-type activities). The County's governmental activities include general government, public protection, public ways and facilities, health and sanitation, public assistance, education, and culture and recreation. The County's business-type activities include the operation of seven airports, two sanitation districts, medical services (Kern Medical Center), public transportation, three golf courses, solid waste disposal, and activities associated with waste pick-up for the more densely populated unincorporated areas of Bakersfield and Taft. Although the Golf Courses, Sanitation Districts, Kern Asset Leasing Corporation and County Service Areas are legally separate entities, in substance they are part of the County's operations and have been included as part of the County's governmental and business activities.

The government-wide financial statements are presented on pages 23 and 24 of the CAFR.

2. Fund Financial Statements

The fund financial statements provide detailed information about the most significant funds, not the County as a whole. A fund is a fiscal and accounting entity designated to report information about groupings of related accounts that are used to maintain control over resources that have been segregated for specific activities or attaining certain objectives in accordance with specific regulations, restrictions, or limitations. All of the County's funds can be divided into three broad categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds are used to account for activities that are similar in nature to the governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the governmental fund financial statements focus on future inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be used in evaluating Kern County's future financing requirements and available resources.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. This will allow readers to get a better understanding of the long-term impact of the government's future financing decisions. Both the governmental fund's balance sheet and the governmental fund's statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The County reports eight major individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for each of the major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements located in the *Combining and Individual Fund Statements and Schedules*.

The County adopted an annual appropriated budget for all of its major governmental funds. Budgetary comparison schedules have been provided for these funds to demonstrate compliance with this budget and are included in the *Required Supplementary Section* of the CAFR. Individual budgetary data for each of the budgeted non-major governmental funds is provided elsewhere in the CAFR.

The basic governmental fund financial statements are presented on pages 25 through 30

of the CAFR.

Proprietary funds are reported in two ways: enterprise funds and internal service funds. Enterprise funds are reported as business-type activities in the government-wide financial statements. The County has the following enterprise funds: Airports, County Sanitation Districts, Golf Courses, Kern Medical Center, Public Transportation, Waste Management and Universal Collection. Internal service funds are used to accumulate and allocate costs internally among the County's various functions. The County uses the following internal service funds: General Liability, General Services - Garage, Group Health, Retiree Group Health, Unemployment Compensation, and Workers' Compensation. Because such functions predominantly benefit governmental rather than business-type activities, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary funds' financial statements provide separate information for Airports, Kern Medical Center and Waste Management, all of which are considered to be major funds of the County. For presentation, all other enterprise funds are combined into a single, aggregated column as well as the internal service funds. Individual fund data for the non-major enterprise funds and the internal service funds is provided in the combining statements in the CAFR.

The proprietary funds' basic financial statements are presented on pages 31 through 34 of the CAFR.

Fiduciary funds are used to account for resources held for the benefit of parties outside the County government. Because fiduciary funds are presented separately, they do not appear in the government-wide financial statements. The resources of fiduciary funds are not available to support the County's own programs. Fiduciary funds are accounted for similar to proprietary funds.

The fiduciary fund basic financial statements are presented on pages 35 and 36 of the CAFR.

3. Notes to the Financial Statements

The notes to the financial statements provide additional information that is essential for a full understanding of the data provided in both government-wide and fund financial statements.

The notes to the financial statements are presented on pages 37 through 97 of the CAFR.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve as a useful indicator of a government's financial position over time. At June 30, 2006, the County's total net assets were \$390,912. See Table 1 on page 15 for details.

The County's largest portion of total net assets is the investment in capital assets, \$542,308. The investment in capital assets includes land, buildings and improvements, roads, flood control channels, machinery and equipment, and construction in progress, less any related outstanding debt used to acquire those assets. The County uses these capital assets to provide services to citizens, and, as a result, these assets are not available for future spending. Because the investment in capital assets is reported net of related debt, and since the capital assets themselves cannot be used to liquidate the debt liabilities, it should be noted that the resources needed to repay this debt must be provided from other sources.

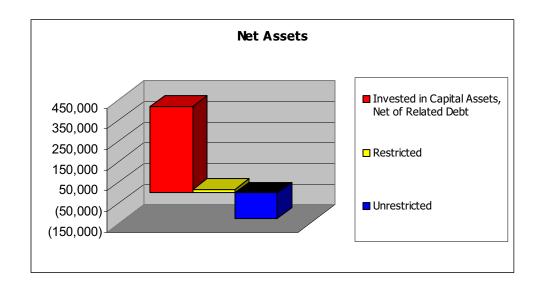

Of the County's total net assets, \$23,777 is restricted, which represents external restrictions on how these resources may be used. The major portion of the restricted net assets is reserved for debt repayment. The remaining balance of the net assets represents the unrestricted net assets, which has a

deficit balance of \$175,173. This deficit balance is primarily due to the inclusion of the debt associated with the Kern County Tobacco Funding Corporation (see Note XII. J), and the 1995 Pension Obligation Bonds used to pay the unfunded actuarial liability owed to the Kern County Retirement Association.

At June 30, 2006, the County as a whole and its governmental and business-type activities reported positive balances in "Net Assets Invested in Capital Assets, Net of Related Debt" and "Restricted Net Assets". For both governmental and business-type activities, deficits were reported in unrestricted net assets. Per GASB directive, the governmental activities' unrestricted net assets deficit is primarily due to the recognition of liabilities associated with the Kern County Tobacco Funding Corporation. The business-type activities reported a deficit in unrestricted net assets of \$52,275. This is the result of negative unrestricted net assets for Kern Medical Center (KMC). KMC had higher expenses for salaries and benefits. In addition, Federal and State reimbursements for indigent care have continuously not matched the cost of providing such care.

Governmental Activities

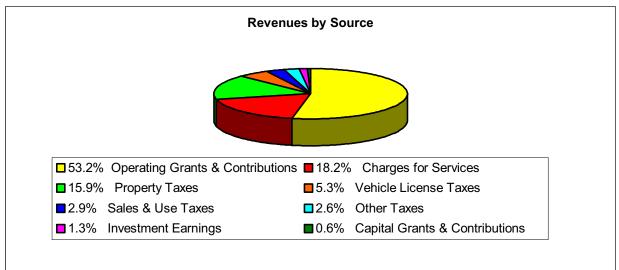

The Governmental activities increased the County's net assets by \$39,866 for the year ended June 30, 2006:

- Total revenue increased by 1.5% from the prior year.
- As an arm of the State government, operating grants and contributions serve

multiple programs, representing 53.2% of the County's program revenue for governmental activities, and are tied to the mandated services such as public assistance, public health and mental health. These revenue sources funding levels remained virtually unchanged from the prior year.

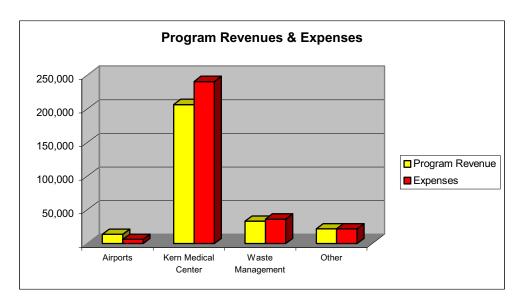

- Taxes and investment earnings that are generated locally provide the Board of Supervisors (Board) with most of its discretionary spending power. The increase in taxes revenue is primarily due to the following:
 - 1. Property taxes increased by \$33,525 or 22.6% due to significantly higher real estate values and oil prices.
 - 2. Investment earnings increased by \$4,180 or 39.8% due to higher earnings on pooled cash and investments.
 - 3. Due to a change in the State's method of distribution, beginning in fiscal year 2004 2005, vehicle license fees are to be reported separately as vehicle license taxes. This year's vehicle license taxes are \$61,061. In the prior years, the vehicle license fees were reported under operating grants and contributions as revenue.
- Total Governmental expenses decreased by \$2,166 or 0.2%. All major functions increased except for health and sanitation and culture and recreation. The County's major cost component is public assistance.

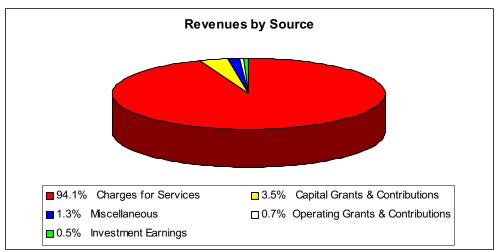

Business-type Activities

Business-type activities' total net assets increased the County's net assets by \$11,734. Revenues received for charges for services and operating grants and contributions increased by \$56,010 and \$1,167, respectively.

FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

The County uses fund accounting to ensure and to demonstrate compliance with financial-related legal requirements.

Governmental Funds

The focus of the County's governmental funds is to provide information on future inflows, outflows and balances of spendable resources. Such information is useful in assessing the County's financing requirements. Unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At June 30, 2006, the County's governmental funds reported total fund balances of \$297,974, an increase of 10.9% compared to prior year's total ending fund balance. Approximately 70% or \$207,264 of the total fund balances is unreserved fund balance, which is available to meet the County's current and future needs. The remaining balance of fund balance is reserved.

Reserved fund balance indicates that it is not available for new spending because it has been committed to 1) reserve for property tax assessment appeals, \$4,165; 2) reserve for debt service, \$30,712; 3) reserve for encumbrances, \$21,683; 4) reserve for fiscal stability, \$19,520 and 5) a variety of other restricted purposes, \$21,792.

The County's management may also designate unreserved fund balance to a particular function, project or activity, while designated fund balance is available for appropriations at any time.

The General Fund is the chief operating fund of the County. At June 30, 2006, unreserved fund balance of the General Fund was \$80,986. As a measure of the General Fund's liquidity, it may be helpful to compare both unreserved fund balance and fund balance to total fund expenditures. Unreserved fund balance represents 19.5% of total General Fund expenditures, while total fund balance represents 30.4% of total General Fund expenditures.

The other governmental funds' fund balances decreased by \$7,961 or 10.2%. The following major governmental funds **increased** in fund balance:

- Child Support Fund balance increased by \$1,357 or 119.0% from the prior year as a result of additional Federal and State revenues.
- Human Services Fund balance increased by \$3,069 or 31.8% from the prior year as a result of additional cost reimbursements from Federal agencies.
- Mental Health Fund balance increased by \$7,400 or 44.9% from the prior year as a result of additional revenue from investments and aid from governmental agencies.
- Structural Fire Fund balance increased by \$1,578 or 16.1% from the prior year as a result of additional revenue from taxes.

The following major governmental funds **decreased** in fund balance:

- Employers' Training Resource Fund balance decreased by \$469 or 63.7% from the prior year due to lower funding from governmental agencies.
- Roads Fund balance decreased by \$4,713 or 22.6% from the prior year due to additional services and supplies expenditures.
- Tobacco Securitization Proceeds Fund balance decreased by \$8,307 or 15.3% from the prior year due to expenditures incurred for construction projects.

Proprietary Funds

The proprietary funds provide similar information to the government-wide financial statements, but in more detail.

The enterprise funds total net assets increased by \$14,380. The increase in total net assets is principally due to Airports change in net assets of \$12,176. Airports net income increased more than eighteen times prior year's net income. Airports received significantly more funding from the Federal government for the construction of the airport terminal.

The internal service funds continue to carry a negative unrestricted net asset balance as a result of recognition of the self-insurance liabilities.

GENERAL FUND BUDGETARY VARIANCES

increase in supplemental appropriations that is briefly summarized as follows:

- The increase in supplemental appropriations is primarily due to three factors that account for \$17,761 or 95.2% of the \$18,659 increase. The first factor is the increase in the total general government appropriations by \$8,373, of which \$6,856 of the increase is attributable to capital projects capital assets. The second factor is the increase in total public protection by \$6,289, of which \$5,459 of the increase is attributable to the Sheriff's department. The last factor is the increase in the total health and sanitation by \$3,099, of which \$1,559 and \$1,262 is attributable to Department of Public Health and Emergency Medical Services, respectively.
- The remainder of the supplemental appropriation increase consists of small increases in appropriations for normal operations in the other budgetary units of the General Fund.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

The County's total investment in capital assets, net of accumulated depreciation is \$649,689 at June 30, 2006. Investment in capital assets includes land, land acquisition in progress, construction in progress, infrastructure, structures and improvements and equipment and intangibles. This current fiscal year, the County implemented GASB Statement No. 34, which requires the County to report its infrastructure assets at historical value. The retroactive historical value of the County's infrastructure assets is \$237,938, of which \$166,877 has been depreciated. In Table 3, the 2006 governmental activities balances changed to illustrate the implementation of GASB 34. These changes are illustrated in the infrastructure balance as well as the accumulated depreciation balances for infrastructure, structures and improvements and equipment and intangibles.

The major capital events during the current fiscal year includes the following:

- The completion of capital projects includes the Frazier Park Skate Park, the Lake Isabella Park restroom and the ten playgrounds.
- Major construction in progress includes Phase II of the Panorama Park, the Rosamond Fire Station and the Mojave Court Security.
- The Roads Department had several infrastructure improvements and additions for the current fiscal year. The total for reconstructed roads was \$10,630, roads dedicated to the County by developers were \$20,360 and additions to existing roads were \$2,852.
- Airport's added new jet bridges and the construction of the new terminal is wrapping up.

Additional information regarding the County's capital assets are reported in Note VII.A on pages 63

through 65 of the CAFR.

Long-Term Debt

At June 30, 2006, the County's total long-term liabilities are \$798,607. Of the total long-term liabilities, Certificates of Participation is \$67,145, which is secured by the County's lease rental payments, and Pension Obligation Bonds is \$489,906. The remaining long-term liabilities balance includes bonds payables, facilities and capital asset leases and a public health facility loan.

With the exception of the 1994 Rosamond Library Project Certificate of Participation, the County has no general obligation debt. All other Certificates of Participation and bonds are "AAA" insured. Certificates of Participation issued by the County continue to be in the "A" category from Standard and Poor's Corporation or Moody's.

Additional information regarding the County's long-term debt can be found in Note IX.A on page 68 of the CAFR.

Table 4 – The County's Outstanding Debt (In Thousands)

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The State's budget remains as the major determining factor in determining the County's budget for fiscal year 2006 - 2007 and beyond. The County is required to contribute \$75.6 million in property tax revenues to the State budget in 2006 - 2007.

The recommended regular County budget for fiscal year 2006 – 2007 totals \$1.3 billion, which is \$159 million or 13.9% higher than total appropriations adopted in fiscal year 2005 – 2006. This increase results chiefly from stronger oil prices and extremely robust growth in commercial and residential property values, increased Federal and State funds for mandated programs, and a healthy carryover balance from fiscal year 2005 – 2006. These gains, however, are partially offset by the continued shift of property taxes to the State budget and actuarial changes impacting the County's employer contributions to the retirement fund. Ongoing negotiations with County employee unions for new memorandums of understanding (MOUs) could also yield unknown cost increases. These MOUs may require the County to disburse funds to affected General Fund departments during the fiscal year as more precise costs of employee compensation become known for each department, or some departments could be required to absorb new costs.

The \$1.3 billion budget does not include special budgets totaling \$493.1 million for enterprise funds such as Kern Medical Center, Airports and Waste Management; internal service funds such as Workers' Compensation and Group Health Insurance; and grant-funded programs administered by the Employers' Training Resource and the Community and Economic Development departments. Special budgets have decreased by \$49.5 million or 11.2% from fiscal year 2005 – 2006.

Discretionary revenues are projected to grow by \$30 million or 9.6% above last year's actual collections. Discretionary revenues comprise 26.3% of the regular County budget, and the County must use much of this money to meet the local match requirements for mandated Federal and State programs. Current property tax revenues within both the General Fund and the Fire Fund are estimated to grow by a combined \$26.7 million in fiscal year 2006 - 2007, a 15.5% increase over fiscal year 2005 - 2006. A strong carryover balance, along with a fourth consecutive year of increased assessed valuation and property tax revenues will help offset the County's higher retirement contributions and will increase funds available for contingencies.

REQUESTS FOR INFORMATION

The Comprehensive Annual Financial Report is designed to provide citizens, taxpayers, creditors and investors with a general overview of the County's finances and to show the County's accountability of the funds it receives. If you have any questions about the CAFR or need additional financial information, contact Mrs. Ann K. Barnett, Kern County Auditor-Controller-County Clerk at 1115 Truxtun Avenue, Bakersfield, California 93301, (661) 868-3599 or visit the website at www.co.kern.ca.us.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. REPORTING ENTITY

The County of Kern (the County) was established April 2, 1866, as a legal subdivision of the State of California charged with general governmental powers. The County is governed by an elected five member Board of Supervisors.

As required by generally accepted accounting principles, these financial statements present the County as the primary government and its component units, entities for which the County is considered financially accountable. Although legally separate entities, blended component units are in substance part of the County's operations; therefore, data from these units is combined with data of the County.

B. BLENDED COMPONENT UNITS

Using the criteria of Governmental Accounting Standards Board (GASB) Statement No. 14 and No.39, management has determined that the following component units should be blended:

County Service Areas (CSAs)

The County's Board of Supervisors is the governing body of the CSAs. Among its duties, the Board approves the CSAs' budgets, approves parcel fees and appoints the management. The CSAs component unit is reported in the governmental activities as a non-major governmental fund.

Golf Courses and Sanitation Districts

The governing body of the Sanitation Districts and the Golf Courses is the County's governing body. The Board of Supervisors approves the budget and appoints the management of these entities, which are reported as non-major enterprise funds.

County of Kern Asset Leasing Corporation

Although this component unit has its own governing body, it provides services exclusively to the County. It is reported as a non-major governmental fund in these statements. This non-profit entity holds the capital assets constructed through the Certificates of Participation Program. Equipment and construction costs related to proprietary funds are recorded within each appropriate enterprise fund, and any cash related to the Certificates of Participation is designated as deposits with trustee. (See Note IX.B)

Kern County Tobacco Funding Corporation (the Corporation)

This is a separate legal nonprofit public benefit corporation created under the California Nonprofit Public Benefit Corporation Law. It was established to purchase tobacco settlement payments allocated to the County from the State of California, pursuant to the Master Settlement Agreement concluded on November 23, 1998 between the major tobacco companies and 46 states (including California), the District of Columbia and four U.S. Territories (See Note XII. J for additional information regarding the sale by the County to the Corporation of all rights, title and interest of the County to such monies). The Corporation is governed by the

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

B. BLENDED COMPONENT UNITS (continued)

Board of Directors consisting of three members appointed by the County's Board of Supervisors.

C. DISCRETELY PRESENTED COMPONENT UNIT

Using the criteria of Governmental Accounting Standards Board (GASB) Statement No. 14 and No. 39, management has determined that the following component unit should be discretely presented:

First 5 Kern

This commission was established under the State of California's California Children and Families Act. The County's Board of Supervisors enacted Ordinance G-6565, which created the Kern County Children and Families Trust Fund (Commission) and established the membership and the commission. The County's Board of Supervisors appoints the majority of the commission and has the authority to replace all members. The commission is responsible for allocating funds to local service providers for programs that promote, support and improve the early development of children from prenatal through age five and promote children's readiness to enter school. Due to the Board of Supervisors change in control over the Commission, it will now be reported as a Discretely Presented Component Unit.

Complete financial statements for First 5 Kern may be obtained from the offices located at 2724 L Street, Bakersfield, California 93301.

D. BASIS OF PRESENTATION AND IMPLEMENTATION OF GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENTS (GASB)

GASB Statement No. 43

GASB Statement No. 43, *Financial Reporting for Post-employment Benefit Plans Other than Pension Plans*, was issued in April 2004 and is effective one year prior to the effective date of the related Statement for the employer (single-employer plan) or for the largest participating employer in the plan (multiple-employer plan). GASB Statement No. 43 establishes uniform financial reporting standards for other post-employment benefits (OPEB) plans and supersedes the interim guidance included in Statement No. 26. The County will not be early implementing GASB Statement No. 43.

GASB Statement No. 44

GASB Statement No. 44, *Economic Condition Reporting: The Statistical Section - an Amendment of NCGA Statement No. 1*, was issued in May 2004 and is effective for statistical sections prepared for periods beginning after June 15, 2005. GASB Statement No. 44 addresses the comparability problems that have developed in practice and adds information from the new financial reporting model for state and local governments required by Statement No. 34. The County will not be early implementing GASB Statement No. 44.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. BASIS OF PRESENTATION AND IMPLEMENTATION OF GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENTS (GASB) (continued)

GASB Statement No. 45

GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Post- employment Benefits Other than Pensions*, was issued in June 2004 and is effective for financial statements for periods beginning after December 15, 2006, for phase 1 governments (those with total annual revenues of \$100 million or more); after December 15, 2007, for phase 2 governments (those with total annual revenues of \$10 million or more but less than \$100 million); and after December 15, 2008, for phase 3 governments (those with total annual revenues of less than \$10 million). GASB Statement No. 45 establishes standards for the measurement, recognition, and display of OPEB expenses/expenditures and related liabilities (assets), note disclosures, and, if applicable, required supplementary information (RSI) in the financial reports of state and local governmental employers. The approach followed in this Statement generally is consistent with the approach adopted in Statement No. 27. The County will not be early implementing GASB Statement No. 45.

Government-Wide Financial Statements

Information relating to the primary government is displayed in the statement of net assets and statement of activities. These statements include information regarding the financial statements, excluding the fiduciary activities. Eliminations were made in order to minimize the double counting of internal activities. These statements distinguish between governmental funds and business-type funds of the County. Governmental funds, which are primarily supported by taxes, are presented separately from business-type funds, which strongly depend upon fees charged to external parties.

A comparison between direct expenses and program revenues for each segment of the business-type activities of the County and for each function of the County's governmental activities are presented in the statement of activities. Direct expenses are clearly identifiable to a particular function and are specifically associated with a program or function. Program revenues include (1) charges paid by the recipients of goods or services offered by the programs and (2) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues not classified as program revenues, including all taxes, are presented as general revenue.

When both restricted and unrestricted net assets are available, it is County policy to use restricted net assets first, and then use the unrestricted net assets as they are needed.

Comparative Data

The implementation of GASB No. 34 requires new information and restructuring of much of the information that governments have presented in the past. Comparability with reports issued prior to fiscal year ended 2002 is affected. Airports, a Non-major Enterprise Fund, became a major enterprise fund following GASB Statement No. 34 criteria. Comparability with prior year reports is affected.

Estimates

In compliance with generally accepted accounting principles, the preparation of basic

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. Basis of Presentation and Implementation of Governmental Accounting Standards Board Statements (GASB) (continued)

financial statements require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Fund Financial Statements

The fund financial statements provide information about the County's funds, including fiduciary funds. The three fund categories that are presented separately are governmental, proprietary and fiduciary. The emphasis of presenting these categories is to identify the major governmental and enterprise funds. The major funds are separately displayed and all the remaining governmental and enterprise funds are separately aggregated and reported as non-major funds.

Proprietary funds' operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. An exchange transaction is where two parties receive and give up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions. Proprietary fund operating expenses, such as salaries and benefits or services and supplies, result from providing services and producing and delivering goods in related to the proprietary funds' primary operations. Expenses that are not directly related to the proprietary funds' primary operations are reported as non-operating expenses.

The County reports the following major governmental funds:

The **General Fund** is the general operating fund of the County. It is used to account for all financial resources except those required to be accounted for in another fund. Principal sources of revenue are: taxes; licenses, permits, and franchises; fines, forfeitures and penalties; use of money and property; aid from other governmental agencies and charges for current services. Primary expenditures are for general government; public protection; health and sanitation; public assistance; education; recreation and cultural services; and capital leases.

Department of Human Services provides for direct financial assistance payment to eligible recipients. Public assistance programs administered by the Human Services Department are mandated by the State through the Welfare and Institution Code, as implementing legislation for the Federal Social Security Act.

Tobacco Securitization accounts for the sale of rights to future tobacco settlement payments. (See Note XII. J for additional information regarding the sale by the County to the Kern County Tobacco Funding Corporation). The proceeds of the sale are being used to finance certain capital projects and to set up an endowment fund.

D. Basis of Presentation and Implementation of Governmental Accounting Standards Board Statements (GASB) (continued)

Fund Financial Statements (continued)

The County has opted to report the following funds as major funds:

Kern County Department of Child Support Services accounts for the initial court actions necessary to establish financial responsibility for the support of minors, and for the enforcement and collection of child support payments from absent parents under the Social Security Act.

Employers' Training Resource (ETR) administers the federal Workforce Investment Act and Welfare-to-Work funds received through the Department of Labor, State Employment Development Department, and the Kern County Department of Human Services. ETR accounts for job training and support services for workers of all economic classes.

Mental Health accounts for developing and maintaining Countywide, client-centered, culturally competent mental health services for people suffering from a mental illness consistent with the provision of the California Mental Health Services Law.

Roads accounts for planning, designing, constructing and maintaining public roads, bridges, streets, and traffic control devices in the unincorporated areas of the County, except for State-maintained highways and bridges.

Structural Fire accounts for fire prevention, protection and suppression services for structures and watershed areas; hazardous material control and incident response; emergency rescue and medical aid; and performs arson investigations.

The County reports the following major business-type funds:

Airports, which is headquartered at Meadows Field Airport (Bakersfield), contains the financing requirements for administration, maintenance, and operation of the County's seven airports located at Bakersfield, Buttonwillow, Kern Valley, Lost Hills, Poso, Taft, and Wasco.

Kern Medical Center accounts for hospital services: offering emergency, outpatient and inpatient medical care to all classes of patients; including, Medi-cal and Medicare eligible, medically indigent persons, and inmates of County institutions and juvenile facilities.

Waste Management accounts for the operation, engineering, planning, and regulatory compliance activities associated with the County's Solid Waste Disposal System.

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

D. BASIS OF PRESENTATION AND IMPLEMENTATION OF GOVERNMENTAL ACCOUNTING STANDARDS BOARD STATEMENTS (GASB) (continued)

Fund Financial Statements (continued)

The County reports the following additional fund types:

Internal Service Funds account for services furnished to other County departments and are financed primarily by charges for such services. Internal Service Funds account for fleet services and self-insurance programs such as group health, retiree group health, unemployment compensation, workers' compensation, and personal injury and property damage.

The **Investment Trust Fund** is made up of funds for school districts, self-governed special districts, State trial court and other investment trusts. The County schools' operating and debt service funds are grouped under this entity. The County has responsibility for numerous self-governed special districts. Cash and investments are administered by the County Treasurer, and the Auditor-Controller-County Clerk makes disbursements upon the request of the responsible district officers.

Agency Funds are funds under the control of individual County officers who use them for the deposit of various types of receipts and to accumulate resources for specific purposes. Unapportioned Funds are used for recording the collection and distribution of property taxes and interest on bank deposits. Disbursements are made from these funds by warrants issued by the County Auditor-Controller-County Clerk upon the requisition of the responsible officer.

E. BASIS OF ACCOUNTING

The government-wide and proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. The fiduciary funds are recorded on

the accrual basis of accounting and are custodial in nature and do not involve measurement of results of operations. Revenues are recorded when they are earned and expenditures are recorded when they are incurred, regardless of when the cash was collected. Non-exchange transactions occur when an entity gives or receives value without giving or receiving the same value in return. An example of a non-exchange transaction would be property and sales taxes, grants, entitlements and donations. On an accrual basis, property tax revenue is recognized in the fiscal year the taxes are levied. Revenues from donations, entitlements, and grants are recognized in the fiscal year in which all eligible requirements have been fulfilled.

Governmental funds are recorded on the modified accrual basis of accounting. Using this method, revenue is recorded when it is measurable and available. Property and sales taxes are considered available if collected within 60 days after the end of the accounting period; whereas, interest, certain state and federal grants and charges for services are accrued when their receipt occurs within 90 days after the end of the accounting period so as to be

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. BASIS OF ACCOUNTING (continued)

both measurable and available. Expenditures are generally recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments and compensated absences are recorded only when the payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and capital leases are reported as other financing sources.

The County has elected under GASB Statement No. 20, *Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities That Use Proprietary Fund Accounting*, to apply all applicable GASB pronouncements to its business-type activities and enterprise funds, as well as any applicable pronouncements of the Financial Accounting Standards Board, the accounting Principles Board or any Accounting Research Bulletins issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements.

GASB Statement No. 34 has eliminated the presentation of account groups, but requires these records to be maintained and incorporated with the Governmental Activities column in the government-wide statement of net assets.

Internal Service Funds are used by management to charge the cost of certain activities, such as fleet management and the self-insurance programs. The assets and the liabilities of the Internal Service Funds are included in the Governmental Activities in the Statements of Net Assets because they primarily serve the Governmental Activities of the County.

The Internal Service Funds profit or loss was allocated to the function or program that benefited from the Internal Service Fund activity using the look-back approach.

F. ASSETS, LIABILITIES, AND NET ASSETS

Cash and Cash Equivalents

All amounts reported to be cash and cash equivalents represent cash or short term, highly liquid investments with an original maturity of three months or less.

Investments

In accordance with GASB Statement No. 31, investments in the County Treasurer's pooled investments are reported at fair value. Participating entities that are not part of the County's reporting entity prepare independent financial statements which may or may not include these changes in fair value. Interest earnings are distributed to all participating funds based on their average daily balance within the pool. The unrealized increase or decrease in the fair value of the investments was recognized.

Receivables and Payables

Transactions between funds that are representative of lending or borrowing arrangements outstanding at the end of the fiscal year are referred to as either "loans receivable or payable" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e.,

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. ASSETS, LIABILITIES, AND NET ASSETS (continued)

the non- current portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds" (See Notes VI. A, VI. B, VI. C, and VI. D for detailed reconciliation). These internal balances have been eliminated in the government-wide statements.

Property Tax

All jurisdictions within California derive their taxing authority from the State Constitution and various legislative provisions contained in the Government Code and Revenue and Taxation Code. Property is assessed at 100% of full cash or market value (with some exceptions) pursuant to Article XIII of the California State Constitution and statutory provisions by the County Assessor and State Board of Equalization. The total 2005 - 2006 net assessed valuation of the County of Kern was \$58,541,513.

The property tax levy to support general operations of the various jurisdictions is limited to one percent (1%) of full cash value and is distributed in accordance with statutory formulas. Amounts needed to finance the annual requirements of voter-approved debt are excluded from this limitation and are calculated separately and levied each fiscal year. The rates are formally adopted by the Board after approval of city councils or the governing boards of special districts where applicable. Property taxes are levied on both real and personal property. Secured property taxes are levied on or before the first business day of September of each year. They become a lien on real property on March 1 preceding the fiscal year for which taxes are levied. These tax payments can be made in two equal installments; the first is due on November 1 and delinquent with penalties after December 10; the second is due on February 1 and delinquent with penalties after April 10.

Secured property taxes, which are delinquent if unpaid as of June 30, are declared to be tax defaulted and are subject to redemption penalties, costs, and interest when paid. If the delinquent taxes are not paid at the end of five (5) years, the property may be sold at public auction. The proceeds are used to pay the delinquent amounts due, and any excess is remitted, if claimed, to the taxpayer. Unsecured personal property taxes are not a lien against real property. These taxes are due on March 1 and become delinquent if unpaid by August 31.

In 1983, the Governor signed Senate Bill 813 which requires County Assessors to appraise property and issue an assessment when new construction is completed or a change in ownership occurs. The supplemental assessment will reflect the change in value for the remainder of the property tax year. Tax bills for these new tax liens are issued throughout the fiscal year and contain various payments and delinquent dates, but are generally due within one year. If the new tax liens are lower, the taxpayer receives a tax refund rather than a tax bill.

Inventory - Materials and Supplies

Inventories in the General Fund, General Services - Garage Internal Services Fund, the Roads Fund, the Structural Fire Fund and the Kern Medical Center Enterprise Fund consist of expendable supplies held for consumption. The General Fund and the Kern Medical Center

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. ASSETS, LIABILITIES, AND NET ASSETS (continued)

Enterprise Fund use the "moving average" method for costing inventory. Roads and Structural Fire Funds value inventory at cost and the General Services - Garage Internal Service Fund uses the first-in, first-out (FIFO) method of costing inventory. Other materials and supplies are recorded as expenditures upon acquisition.

Although a component of net assets, reported inventories are equally offset by a fund balance reserve for governmental type funds indicating that they do not constitute "available spendable resources".

Capital Assets

Capital assets, which include plant, property, and equipment and infrastructure assets (roads, street lighting, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. By definition, County's fixed assets exceed \$5,000 in value and must have an estimated useful life of at least two years. All purchased capital assets are valued at cost where historical records are available and donated capital assets are valued at their estimated fair market value on the date donated. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable. Major outlays for capital assets and improvement are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed.

Capital assets are depreciated using the straight-line method over the estimated useful lives of the assets as follows:

| Structures and Improvements | 50 years |
|---|--------------|
| Airplanes and Temporary Buildings | 25 years |
| Boats | 20 years |
| Ground Equipment, Furniture, Office Equipment, and Fire Trucks/Engines | 15 years |
| Kitchen Equipment | 12 years |
| Construction, Communication, and Scientific Equipment and Vehicles | 10 years |
| Computer Equipment | 7 years |
| Infrastructure (roads, sidewalks, drains, bike paths, other improvements) | 5 - 50 years |

The General Services - Garage Internal Service Fund depreciates vehicles on an estimated useful life based on miles driven for the type of vehicle.

Compensated Absences

The County's policy on compensated absences is to permit employees to accumulate earned but unused vacation and sick leave benefits. The liability is accrued for the balance of unpaid compensatory time off, sick leave, and vacation earned at the year-end. The accumulated benefits will be liquidated as employees elect to use them in the future. All payments of these accumulated benefits will be funded in the year in which they are to be

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

F. ASSETS, LIABILITIES, AND NET ASSETS (continued)

paid. Several funds that contribute to the liquidation of compensated absences are General Fund, Kern County Department of Child Support Services, Fire, Building Inspection, Road, Mental Health, Aging and Adult Services, Department of Human Services, and Employers' Training Resource.

Long-Term Obligations

In the government-wide financial statements and proprietary funds type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the appropriate governmental activities or proprietary funds type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable premium or discount.

Fund Equity

Reservation of fund balances represents amounts that are not able to be appropriated or are legally segregated for a specific purpose.

G. HOSPITAL AND OTHER PROGRAM REVENUES

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payers, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payers. Gross patient services revenue for fiscal year 2005-2006 was \$410,542, the estimated adjustment was \$274,826 for a net patient service revenue of \$135,717. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Medi-Cal and Medicare Programs

A substantial portion of Hospital revenue is derived from services provided to patients eligible for benefits under the Medi-Cal and Medicare programs. Medi-Cal inpatient services are reimbursed at a contractually agreed upon per-diem rate. Services to inpatient Medicare program beneficiaries are primarily paid under prospectively determined rates-per-discharge based upon diagnostic related groups.

Certain other services to Medicare beneficiaries are reimbursed based on cost, subject to certain limitations. Revenues from the Medi-Cal and Medicare programs represent approximately 42% and 14%, respectively, of the net patient care revenue for the year ended June 30, 2006.

The Hospital has various outstanding appeals pertaining to Medi-Cal and Medicare audit settlements. These amounts have not been recorded as the outcomes are not certain. The potential impact of these appeals will not have an adverse effect upon the County.

The disproportionate share hospital (DSH) program was established in 1981 as part of the Medicaid program and requires State Medicaid agencies to make additional payments to

hospitals serving disproportionate numbers of low-income patients with special needs. Effective July 1, 1997, the program was amended to limit DSH payments to 100 percent of the amount of incurred uncompensated care costs (UCC) with a special provision that allowed payments of up to 175 percent of UCC to those public hospitals qualifying as "high DSH" hospitals in the State of California.

In 2001, the Office of Inspector General (OIG) of the U.S. Department of Health and Human Services conducted an audit of DSH payments to Kern Medical Center in order to determine that those payments did not exceed the hospital specific limit for fiscal 1998. A final report was issued on September 24, 2002. The OIG states that the hospital exceeded its specific limit by nearly \$44 million for fiscal year 1998. The report states that Federal law requires the State to recover overpayments. However, in its conclusion, the report does not specifically request Kern Medical Center to refund the overpayment.

The issues surrounding the OIG audit are serious and affect every DSH participant hospital in the State. The State has contended that payments made to KMC and other participating hospitals were in accordance with a state plan approved by the Centers for Medicare and Medicaid Services (CMS), and are therefore not "overpayments".

The California State Department of Health Services and the Medical Center disagree with the preliminary findings of the OIG, and maintain that the DSH payments were properly paid. Furthermore, both the State and the Medical Center assert that the governing statute, OBRA 1993, does not require retrospective settlement, as these settlements are extremely disruptive and counter-productive to the purposes of the DSH program. This debate with the OIG and subsequently CMS will go on for an indefinite period of time. No provision has been made in these financial statements to repay the amounts claimed by the OIG in its report.

Other Program Revenues

The Hospital also receives revenues from the following other programs:

During fiscal year 1991 - 1992, Senate Bills (SB) 855 and 146 were enacted to provide higher Medi-Cal reimbursement rates to "disproportionate share hospitals." These are hospitals which provide service to a large number of indigent patients. The law requires certain public entities to contribute funds to the State. These funds, along with additional Federal revenues, are utilized by the State to fund the supplemental payment amounts. Kern Medical Center received \$78,262 and \$75,766 in fiscal years 2006 and 2005, respectively, under the State of California's Medi-Cal disproportionate share program. The program required the County to provide matching funds of \$18,960 and \$55,162 in fiscal years 2006 and 2005, respectively, which were recorded as expenditures in the General Fund. The amount received by the Hospital through this program is dependent upon the number of Medi-Cal inpatient days provided by the Hospital. Because the revenues generated are based on services provided to patients, they have been classified as net patient service revenues. Reimbursement to the General Fund for the contribution is recorded as other revenue in the General Fund, and it is netted against revenue received from the State in the

Kern Medical Center Enterprise Fund.

Proposition 99 imposes an additional state excise tax on cigarettes and other tobacco products. The increased taxes on tobacco products generate additional revenues for health care, research, health education, and public resources. State Assembly Bill 75 allocates these revenues to health care providers based upon their share of the financial burden for providing care to persons who are uninsured or otherwise unable to pay for care. The County's share of these revenues for the year ended June 30, 2006 was \$1,089,703.

Revenues related to the aforementioned programs are included in the accompanying financial statements as hospital operating revenues. The non-operating revenues consist of taxes and assessments; fines, forfeiture and penalties; licenses, permits and franchises; interest on bank deposits and investments; aid from other governmental agencies; interest expense; and gain on sale of fixed assets. Unpaid amounts are reported as other receivables. Claims for these programs are subject to audit by State and/or Federal agencies.

Health and Welfare Realignment Act

In fiscal year 1991 - 1992, the State implemented the Health and Welfare Realignment Act ("Realignment"), which transferred a significant portion of the financial and administrative responsibilities for local health and welfare programs from the State to Counties. The State utilizes a one-half (1/2) cent sales tax increase and an increase in vehicle license fees as the sources for funding allocations to the counties in lieu of previous State general fund financing. The amount to be received by Counties is dependent upon the actual increased sales tax and vehicle license fees. Kern County realignment revenues were recorded as State revenues in the General, Mental Health, Department of Human Services, Kern Medical Center Funds, and Aging and Adult Services – Non-major Special Revenue Fund.

II. NET ASSETS RESTATEMENTS

A. RESTATEMENT OF EQUITY

The County's beginning fund balance and net assets have been restated to reflect prior period adjustments to Mental Health, General Fund, Airports, Kern Medical Center and Public Transportation – Non-major Enterprise Fund for the fiscal year ended June 30, 2006:

III. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. DEFICIT FUND BALANCES/DEFICIT NET ASSETS

The following funds have total fund deficits or total net assets deficits at June 30, 2006:

| Major Governmental Funds Human Services | \$ _ | (9,656) |
|---|-------------|--------------------------------|
| Non-major Governmental Funds Public Improvement Districts Master Lease | \$ | (9) (157) |
| Certificates of Participation | \$ <u>_</u> | (15) (181) |
| <u>Major Enterprise Funds</u> Kern Medical Center | \$ _ | (6,272) |
| Internal Service Funds General Liability Group Health Workers' Compensation | \$ | (7,700) (9,732) (64,628) |
| | \$ | (82,060) |

The fund deficit for Human Services is the result of last year's increase in employees' salaries and benefits. As a result of an increase in fund balance for Human Services, the fund deficit was \$12,725 and \$9,656 for June 30, 2005 and 2006, respectively. The deficit fund balance for Public Improvement Districts, Master Lease, and Certificates of Participation are the result of un-reimbursed capital expenditures at fiscal year end. The deficits in Public Improvement Districts and Master Lease were reduced from prior year's \$16 and \$411 to current year's \$9 and \$157, respectively, as a result of an increase in fund balances. The fund deficit for Kern Medical Center is the result of prior year's increase in employees' salaries and benefits and current year's increase in services and supplies. However, the prior year's deficit of \$9,483 was reduced to \$6,272 in current year as a result of an increase in net assets. The General Liability, Group Health, and Workers' Compensation negative retained earnings represent liabilities incurred as a result of self-insurance.

IV. CASH AND INVESTMENTS

A. DEPOSITS

Cash and Deposits

As provided for by the Government Code, the cash balances for all funds are pooled and invested by the County's Treasurer for the purpose of increasing interest earnings through investment activities. The respective funds' shares of the total pooled cash and investments are included in the accompanying balance sheet for governmental funds and statement of net assets for proprietary funds under the caption "Pooled Cash and Investments". In accordance with Section 53652 of the California Government Code, a financial institution is required to secure deposits in excess of \$100 made by State and local governmental units by pledging securities held in the form of an undivided collateral pool. The market value of the pledged securities in the collateral pool must equal 110% of the total amount deposited by the public agencies. The collateral must be held at the pledging bank's trust department or another bank, acting as the pledging bank's agent, in the County's name. Interest earned on pooled investments is deposited to the participating funds based upon each fund's average daily deposit balance during the allocation period with all remaining interest deposited to the general fund. First 5 Kern, a discretely presented component unit, maintains its cash account with the County of Kern.

B. CASH AND INVESTMENTS DEPOSITED WITH TRUSTEE

At June 30, 2006, the balance for Cash and Investments Deposited with Trustee consists of the following:

| Money Market Accounts | \$ 6,881 |
|---|--------------|
| Investment Agreements | 59,735 |
| Federal Agency | 11,053 |
| Total Cash and Investments Deposited with Trustee | \$ 77,669 |

Of the \$77,669 total cash and investments deposited with trustee, \$16,228 relates to the construction debt refinancing and equipment acquisition funds from Certificates of Participation held by the trustee for Kern County Asset Leasing Corporation and are reported in the Kern Asset Leasing Debt Service Non-major Governmental Fund, the Golf Course Non-major Enterprise Fund, Kern Medical Center and Waste Management Enterprise Funds. \$49,318 is recorded in the Tobacco Securitization Fund and will be utilized for capital projects, while \$10,975 is recorded on the Kern County Tobacco Funding Corporation are held in trust for debt service reserves. \$1,082 relates to the construction of a new airport terminal and it is reported on the Airport Non-major Enterprise Fund. The funds are currently held by Wells Fargo Bank.

Of the \$77,669, \$66 is in the Pension Obligation Bond Trustee Debt Service Non-major Governmental Fund relates to monies held in a trust account with U.S. Bank. This account is used to service debt payments related to the County's Pension Obligation Bonds.

IV. CASH AND INVESTMENTS (continued)

C. INVESTMENTS

Interest rate risk. In accordance with Kern County's Investment Policy, the government manages its exposure to declines in fair values by limiting the weighted average maturity of its investment portfolio not to exceed a 500 day average maturity.

Credit risk. Statutes authorize the County to invest in obligations of the United States Treasury, Federal agencies, municipalities, commercial paper rated A-1 by Standard & Poor's Corporation (S & P) or P-1 by Moody's Commercial Paper Record, and bankers' acceptances. The County of Kern Investment Pool (the Pool) is subject to regulatory oversight by the Treasury Oversight Committee, as required by California Government Code Section 27143. The County has not provided nor obtained any legally binding guarantees during the fiscal year ended June 30, 2006 to support the value of the shares in the Pool. Management believes that the investments in the Pool are of high quality and that the risk of participation in the Pool is negligible.

Concentration of credit risk. The Pool will not invest more than six percent (6%) of its assets in the Eligible Securities of a single institution, other than U.S. government and agency securities.

Custodial credit risk – deposits. The County's deposits are collateralized and two methods of protection are used. The first method is that the bank is required by State law to collateralize the deposits to the extent of 110%. Collateral securities are held in custody by the State Treasurer's office. The second method of protection is that the bank must carry umbrella insurance to protect against theft or negligence on the part of the bank.

Custodial credit risk – investments. The County minimizes its exposure by purchasing only securities of the highest credit rating from both Moody's and S & P and limiting the exposure to any one issuer as required by State law.

Certain agencies outside of the County reporting entity participate in the Pool. The participation of these agencies is externally mandated. The participants reported under the Investment Trust Fund are school and special districts and special assessments. The County Pool does not issue separate financial statements. Participants may withdraw up to the amortized cost of the respective share. The share of the Treasurer's pool related to involuntary and voluntary participants is 91.2% and 8.8%, respectively. As of July 1, 1997, the County implemented GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools. In accordance with this statement, the fair value of the County's combined pool is determined annually and is based on current market prices received from the securities custodian, except for governmental securities and bankers acceptances, which are carried at amortized cost plus accrued interest.

The County's investment in the Local Agency Investment Fund (LAIF) is \$31,345. The Local Investment Advisory Board (Board) has oversight responsibility for LAIF. The Board consists of five members designated by State Statute. The Chairman is the State Treasurer or his designated representative. The value of the pool shares in LAIF, which may be withdrawn, is determined on an amortized cost basis, which is different than the fair value of the County's

Bank deposits are reported based upon balances at June 30, 2006 and investments are reported at the County's book balance.

GASB Statement No. 40 requires that the following disclosure be made with respect to custodial credit risks relating to deposits and investments. The County's deposits with financial institutions in excess of federal depository insurance limits were held in uncollateralized accounts in the amount of \$70,788.

D. DEPOSITS WITH OTHERS

The County has total deposits with others of \$340,333. The general fund has deposited \$205,273 with the City of Bakersfield for the construction of an overpass on Bakersfield Union Avenue pursuant to the joint agency agreement between the County, the City of Bakersfield, and the Greater Bakersfield Separation of Grade District. The remaining balance of \$135,060 represents deposits by the Group Health Self-Insurance Internal Service Fund with its designated claim administrators; such amount has been determined by claim administrators to be representative of one month's billings.

V. RECEIVABLES

A. RECEIVABLES

The County's net receivables for the year ended June 30, 2006 for the individual funds, non-major funds and internal services funds are as follows:

| Governmental Activities: | | Taxes | _ | Accounts | Interest | _ | Other | _ | Total Receivables |

The receivables category classified as Other is composed of receivables from various State sources. Of the \$16,124 of accounts receivable for Human Services, \$999 is estimated to be collected within one year, leaving \$15,125 in receivables to be collected in future years. Human Services has a slow collection process due to the nature of the services they provide. The total amount of taxes receivables not expected to be collected within one-year totals \$31,052. Of this amount, \$27,510 is recorded in the General Fund, \$2,977 in the Structural Fire Fund and \$565 in the County Service Areas Non-major Governmental Fund – Special Revenue Fund.

D. TRANSFERS (CONTINUED)

The Tobacco Securitization Fund transferred \$750 of earned interests to General Fund as discretionary revenue.

Non-major Governmental Fund transferred \$52,185 to the General Fund as part of the funding for POB Debt Service, Sheriff Sidearm Conversion, Health MAA/TCM, Fire Special Program, Prop 35 Substance Abuse, ACO-General, Litter Cleanup, Off-Highway Motor Vehicle License, DNA Identification, Local Public Safety, Auto Finger Print, Emergency Medical Services, Automated County Warrant, Domestic Violence, Criminal Justice Facility, Recorders Fee, and Micrographic.

Non-major Governmental Funds such as A-C Farm, Health-Local Option, Health-State L.U.S.T. Program, Solid Waste, Property Tax Administration, Sheriff Training, Sheriff Cal ID, Sheriff Inmate Welfare, Rental Book, Library Book, and Alcohol Abuse Education transferred \$3,741 to the General Fund as a subsidy of the operation. Also, \$4,437 went from Non-major Governmental Funds to Airports for Capital Projects.

The Alcoholism Program, Alcohol Abuse Education/Prevention, and Drug Program transferred \$190 to the Mental Health Fund to fund its operations of the programs funded by the special purpose funds, County Children's Trust transferred \$115 to Human Services, ACO-Structural Fire and Local Public Safety transferred \$6,152 to Structural Fire.

The Kern Asset Leasing refunded \$6,909 of debt service payment in prior year for COP paid off during the year to ACO-General, and transferred \$13 to the Certificate of Participation Capital Projects to complete the communication projects. The Local Forfeiture Trust transferred \$166 to District Attorney's Office for current year's asset qualifying for forfeiture.

In the fund financial statements, total transfers in of \$161,205 are more than the total transfers out of \$161,174 because of the treatment of transfers of capital assets. During the year, capital assets were transferred from Internal Service Funds to capital assets used in the operations of governmental activities and from the later to the Internal Service Funds. No amounts were recorded in the governmental funds as the amounts did not involve the transfer of financial resources. However, the Internal Service Fund reported the transfers.

C. CONSTRUCTION IN PROGRESS

Construction in progress for governmental funds represents work that is being performed on the Public Health facility, Probation Juvenile facility, Parks and Recreation irrigation and landscaping, Fire Department station, General Services court security, and a number of smaller projects. There are other construction in progress projects for the business-type funds. Airports is constructing the new air terminal at Meadows Field. In addition to the projects previously mentioned for the business-type activities, there are also numerous smaller projects in progress.

VIII. LEASES

A. LONG-TERM OPERATING LEASES

The County has entered into various long-term lease agreements for buildings and land which have been classified as operating leases. None of the leases convey rights of ownership or are of a duration approximating useful economic life. The total costs for operating leases for the fiscal year ended June 30, 2006 amounted to \$11,996. The following is a schedule of future minimum long-term operating lease payments for the Governmental Funds:

| <u>Year</u> | | <u>Amount</u> |
|------------------------------|----|---------------|
| 2006-07 | \$ | 12,216 |
| 2007-08 | | 10,480 |

| 2011-2023 | _ | 34,972 |
| Total Minimum Lease Payments | \$ | 76,243 |

B. CAPITAL LEASES

The County has entered into several long-term lease purchase agreements for certain major pieces of equipment during fiscal year ended June 30, 2006. At the end of the lease, when all terms have been met, the related equipment will become property of the County. The acquired equipment did not meet the capitalization threshold.

VII. LEASES (continued)

B. CAPITAL LEASES (continued)

The following is a schedule of future minimum lease payments for capital leases:

| <u>Year</u> | | Governmental Activities | Business-type Activities |
|--|-----|----------------------------|-----------------------------|
| 2006-07 | \$ | 3,428 | \$ 3 |

Interest expense for the capital leases for the current fiscal year was \$321. The interest expense is reported as direct expense in each function.

IX. LONG-TERM DEBT

A. LONG-TERM LIABILITIES

The County is not obligated in any manner for outstanding special assessment debt. However, the County acts in an agency capacity for property owners in collecting overlapping tax and assessment debt, which totals \$692,420. These amounts do not appear in the accompanying General Purpose Financial Statements.

As indicated in Notes I. E, VIII.A, VIII.B, IX.B, IX. C, IX. D, IX. E, IX.F the County has recognized a long-term liability for employees' vacation and sick leave accruals, compensated absences, lease purchase agreements, certificates of participation, facility lease, loans payable, bonds payable, and pension obligation bonds. The following is a schedule of changes in long-term debt:

B. CERTIFICATES OF PARTICIPATION

Certificates of Participation are secured by annual lease rental payments payable by the County for use of facilities constructed or purchased from the certificate proceeds.

The County has outstanding Certificates of Participation totaling \$67,145 at fixed interest rates. The proceeds of these Certificates are being used for the acquisition of equipment and acquisition, construction and renovation of certain public facilities within the County. All of the certificates have been delivered to the trustees (U.S. Bank and Wells Fargo Bank) for investment and disbursement subject to the terms and conditions of the trust agreements. Of this debt, \$16,565 is included in the governmental activities, \$12,725 is included as current and long-term debt of the Airports Fund, \$14,300 is included as current and long-term debt of the Kern Medical Center Fund, \$20,345 is included as current and long-term debt of the Waste Management Fund and \$3,210 is included as current and long-term debt of the Golf Course-Non-major Business-type Fund. The 1999 Capital Improvement Project COP balance of \$18,390 is divided between the Kern Medical Center Fund and the governmental activities as shown in the summary schedules included in this section.

The Solid Waste System Improvement 1994 and 2002 Certificates of Participation are paid

B. CERTIFICATES OF PARTICIPATION (CONTINUED)

from the Waste Management Fund. The Kern Medical Center Emergency Facility Certificates of Participation is currently being paid from the Kern Medical Center Fund. The 1999 Capital Improvement Project Certificates of Participation are paid from the Kern Medical Center Fund and the Kern Asset Leasing Corporation. The Airport 2003 Certificates of Participation are paid from the Airport Fund. The Golf Course Capital Improvement Certificate of Participation is currently being paid from the Golf Course Non-major Enterprise Fund. The County of Kern Asset Leasing Corporation is making payments of principal and interest with respect to the remaining issues.

The obligation of the County to make base rental payments does not constitute a general obligation of the County for which the County is obligated to levy or pledge any form of taxation. The 1986 COP has a variable interest rate, whereas, the remaining issues have a fixed interest rate. Schedules of future minimum long-term payments of the certificates of participation are recorded in the governmental and business-type activities. The schedules are as follows:

1986 COP (Public Facilities Project):

The 1986 COP has been paid off. The original issue amount was \$122,000, the maturity dates were from August 1, 1986 - 2006, and the interest rate ranged from 1.90% to 2.57% during the fiscal year ended June 30, 2006. The interest rate change is attributable to many market factors such as supply and demand, cash and liquidity positions of the bondholders, and calendar cash flow cycles.

Beale Library:

The original issue amount of the Beale Library COP was \$16,060 and the expected maturity dates were from December 1, 1996 - 2007. The Beale Library has fixed interest rates that range from 3.2% to 4.9%. The Beale Library debt schedule is as follows:

IX. LONG-TERM DEBT (continued)

B. CERTIFICATES OF PARTICIPATION (continued)

Solid Waste System Improvements (2002) (Continued):

Per the terms of the Master Agreement governing the certificate of participation, the Solid Waste has agreed to set and collect fees and charges for use of the System and to revise the rates as may be necessary or appropriate to:

- 1) Produce in each fiscal year net operating revenue which will in each fiscal year at least equal the aggregate system debt service expenses payable in such fiscal year and
- 2) Produce in each fiscal year net operating revenues which, when combined with the amount of available funds, the surplus funds which have not been encumbered or designated by the County for any specific purpose relating to the Waste Management System, will in each fiscal year be equal to or greater than 1.15 times the aggregate system debt service expenses payable in such fiscal year.

The following is a schedule calculating the ratios described above. In order to meet the terms described in the Master Agreement, Ratio 1 must be equal to or greater than 1 and Ratio 2 must be equal to or greater than 1.15. This table shows the historical revenues and expenses for the Solid Waste System. This table reflects the cash basis revenues and expenses consistent with the rate covenant and the conditions precedent to execution of additional system obligations under the master agreement. This cash basis of reporting is different from the basis of reporting for the Solid Waste Enterprise Fund contained in the fund statements. In the fund statements, revenues and expenses for the Solid Waste Enterprise Fund are accounted for on the accrual basis, in which revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

E. BONDS PAYABLE

Tobacco Settlement Asset-Backed Bonds:

In April 2002, The California County Tobacco Securitization Agency issued the Tobacco Settlement Asset-Backed Bonds on behalf of Kern County Tobacco Funding Corporation, which is reported as a blended component unit of the County. The original issue amount of the bonds was \$105,245 and the expected maturity dates were from June 1, 2015 – 2043. The bonds' interest rates range from 6.0% to 6.83%.

The legal structure to issue these bonds included the sale by Kern County of the Tobacco Settlement Revenue (TSR) to a nonprofit corporation formed by the County called the Kern County Tobacco Funding Corporation.

The California County Tobacco Securitization Agency issued bonds and loaned the proceeds to the Kern County Tobacco Funding Corporation which, in turn paid the proceeds to the County. The bonds are limited obligations of the Agency payable solely from payments made by the Kern County Tobacco Funding Corporation from tobacco settlement payments purchased from the County. The bonds do not constitute a charge against the general credit of the Agency (except from loan payments by the Corporation) or the County and neither will the Agency or the County be obligated to pay interest on or principal of these bonds. These bonds do not constitute a legal debt, liability or obligation of the County.

F. Pension Obligation Bond

1995 Pension Obligation Bond

The County's Board of Supervisors adopted a resolution to authorize the issuance of a County of Kern pension obligation debenture, a trust agreement, and an interest rate swap agreement in order to finance the County's share of the unfunded accrued actuarial liability of the Kern County Employees' Retirement Association (K.C.E.R.A). The actuarial accrued liability of participating special districts was excluded from this funding source. The taxable pension obligation bonds have been issued at \$227,818 to cover the County of Kern's unfunded actuarial liability of not less than \$224,437. K.C.E.R.A. received the bond proceeds and recorded \$224,437 of contribution income for the fiscal year ended June 30, 1996.

F. Pension Obligation Bond (continued)

At June 30, 2006, the amount of certificates included as a component of the County's pension liability was \$201,729. Of this amount, \$170,672 has been recorded in the governmental activities, and \$31,057 has been recorded in the proprietary fund types. Debt service for the amount recorded in the governmental activities is reflected in the debt service fund entitled Pension Obligation Bond Trustee Non-major Governmental Fund.

The bonds have various maturity dates between 2001 and 2015 for Current Interest bonds and between 2016 and 2022 for Capital Appreciation bonds. The interest ranges from 6.160% to 7.260% for the Current Interest bonds and 7.560% to 7.610% for the Capital Appreciation bonds. For the year ended June 30, 2006 interest payments related to the certificates were \$11,165. Of this amount, \$9,446 was paid out of governmental funds and \$1,719 was paid out of business-type funds.

The following is a summary of the total funding requirements of the bonds:

B. DESIGNATED FUND BALANCE

The designated fund balances recorded in the Non-major Governmental Funds were reclassified as unrestricted net assets in the Government-Wide Statement of Net Assets.

C. RESTRICTED NET ASSETS

This category represents restrictions imposed on the use of the County's resources by parties outside of the government and by law through constitutional provisions or enabling legislation. The debt service restriction is imposed by the creditors for debt payments. The deposit with other represent required cash reserves as determined by the County's health insurance administrators. The restricted amount in the Internal Service Funds was included with the governmental activities in the government-wide financial statements.

XII. OTHER INFORMATION

A. RISK MANAGEMENT

The County is generally self-insured for general liability, unemployment insurance, workers' compensation, professional liability, retiree "under age 65" medical claims and employee medical and dental claims. Excess liability insurance is maintained for claims over \$2,000 and up to \$27,000 for Automobile and General Liability. Excess liability insurance is maintained for Medical Malpractice claims over \$5,000 as of June 30, 2006.

The Automobile and General Liability policy protects the County and its employees against most legal liabilities arising from automobile liability, products damage, contractual liability, and public officials' errors and omissions. Workers' compensation claims are self-insured up to \$1,500 per occurrence. Excess coverage is maintained for workers' compensation claims up to statutory limits. The County does not self-insure against liability at its seven airports. Airports Liability insurance is maintained. The amount of settlements in each of the past three years has not exceeded the amount of insurance coverage. The liabilities for self-insurance included in the General Liability and Workers' Compensation Internal Service Funds are based upon the results of actuarial studies and include amounts for claims incurred but not reported. The liability for self-insurance included in the Group Health Internal Service Fund is based upon historical trend analysis and includes amounts for claims incurred but not reported. The liability for self-insurance included in the Unemployment Compensation Internal Service Fund represents unpaid claims incurred as of June 30, 2006.

The Risk Management Division of the Office of County Counsel determines and administers General Liability and Workers' Compensation requirements of the County. The Risk Management Division also acquires insurance for earthquake, fire, boiler and machinery, crime and honesty, aviation, and other perils. Health and Unemployment self-insurance is administered by the County Administrative Office.

Except for medical malpractice, financial activity of the self-insurance programs is accounted for in separate internal service funds. Internal service funds are maintained for General Liability, Group Health, Retiree Group Health, Unemployment Compensation and Workers' Compensation. Retiree claims are paid from the Group Health Internal Service Fund. Total estimated claims liability at June 30, 2006 was \$86,295.

Kern Medical Center maintains a liability in its Enterprise Fund based on actuarial estimates for the self-insured portion of its professional liability risks. The liability for losses and related expenses is estimated using expected loss-reporting patterns and was discounted to its present value using a rate of 9%. Adjustments to the liability are included in results of operations. Kern Medical Center has accrued, in accordance with generally accepted accounting principles, an estimated liability for incurred but not reported losses of \$5,956 at June 30, 2006. KMC had a \$5,000 self-insured retention per occurrence for medical malpractice as of fiscal year 2006. The primary policy included a \$10,000 per occurrence and in aggregate. Excess insurance is also maintained for \$10,000 per occurrence and in aggregate. A reconciliation for claims (including IBNR claims) for the current fiscal year and the past two fiscal years is as follows:

B. SEGMENT INFORMATION FOR ENTERPRISE FUNDS

Airports, which is headquartered at Meadows Field Airport (Bakersfield), contains the financing requirements for administration, maintenance, and operation of the County's seven airports located at Bakersfield, Buttonwillow, Kern Valley, Lost Hills, Poso, Taft, and Wasco. Airports is reported as a major enterprise fund at the fund financial statements.

Kern Medical Center is a hospital offering emergency care to all classes of patients, including Medicare and Medi-Cal eligibles, medically indigent persons, and inmates of county institution and juvenile facilities. Kern Medical Center is reported as a major enterprise fund on the fund financial statements.

Waste Management provides for the operating, engineering, planning, and regulatory compliance activities associated with the County's Solid Waste Disposal System. Waste Management is reported as a major enterprise fund on the fund financial statements.

Golf Course is used to finance new capital improvements and replace existing capital improvements as necessary.

The segment information presented for the Business-type Funds that have revenue streams pledged in support of debt instruments outstanding includes a condensed statement of net assets; statement of revenues, expenses, and changes in net assets; and statement of cash flows:

C. POST RETIREMENT HEALTH CARE BENEFITS

In addition to the pension benefits described in Note XII. G, the County provides post retirement health care benefits in accordance with union contracts and Board of Supervisors' order. There are two programs which contribute funding for retirees' health insurance. The Retiree Health Premium Supplement Program (RHPSP) is available to employees who a) elected to participate or were required to participate, b) retire on or after July 1, 1990, c) are between the ages of 50 and 64 and d) have at least 20 years of continuous County service as a permanent employee. At June 30, 2006, there were approximately 866 retirees receiving the supplement. The supplement amount is permanently fixed once determined and is, depending on years of service, equal to 50 - 100% of the active employee monthly health premium for a single individual at the time of retirement. The RHPSP is currently funded by annual County contributions of \$1,496 in fiscal year 2005 - 2006 and employee contributions of .71% of base pay.

The Retiree Health Stipend is available to employees who choose continuous County health coverage upon retirement. At June 30, 2006, there were approximately 2,669 retirees receiving the stipend. The stipend paid on behalf of each retiree is a maximum of \$39.75 for single coverage, \$53.69 for two-party coverage and \$61.50 for family coverage, limited to the cost of the plan selected. The stipend is funded by County contributions of approximately \$151 per active employee per year, which totaled \$1,194 for the year ended June 30, 2006.

XII. OTHER INFORMATION (continued)

D. CONTINGENT LIABILITIES

Federal and State Grant Programs

The County participates in a number of federal and state grant programs, which are subject to audit. Audit requirements for most federal grants will be met by the completion of the County's "Single Audit" as required by Public Law 98-502. For the most part, state grants will be audited by the State in the future. The amount of any disallowed expenditures by grantor agencies, if any, as a result of audit cannot be determined at this time. The County believes that such disallowance, if any, would not have a material effect on the financial statements.

Mental Health Department Medicare and Medi-Cal Revenues

The County receives Medicare and Medi-Cal payments for certain Mental Health services that are provided directly by the County as well as by contracted providers. Revenues received under these programs are subject to periodic review by Medicare, Medi-Cal and their agents. Periodically, as a result of these outside reviews, revisions to claimed costs and services may be required. As a result of these revisions, the County can be required to return a portion of the revenue received from Medicare and/or Medi-Cal. The timing of such reviews and the amounts of potential repayments are not known, but such potential repayments are not considered material to these financial statements.

Contingent Property Tax Liability

At June 30, 2006, assessment appeals are pending before the County Assessment Appeals Board (AAB) in the amount of \$7,639 plus interest of \$251.

The following is a summary of the estimated contingent tax liability as of June 30, 2006:

| | | | Total Estimated |
|---------------------------|---------------|-----------|------------------------|
| | Principal | Interest | Principal and Interest |
| Contingent Tax Liability: | | | |
| Total Pending AAB Matters | \$ 7,639 | \$ 252 | \$ 7,891 |

The County's share of the contingent tax liability is \$2,157. The County and other agencies accumulated and maintained very large tax impound reserves for disputes property taxes over the past four years. There was an increase in the number and magnitude of property tax equalization appeals, filed for 2005 - 2006 assessment year. The result is a positive net contingent tax liability of \$1,277. The County's share of this positive net contingent tax liability is negative \$2,008. The disputed assessments involved numerous individual cases. If all cases were settled at one point in time against the County, the County would fund the \$2,157 liability through a combination of future reverses and the implementation of cost reduction measures.

Other Litigation

There are various lawsuits and claims against the County, which in the opinion of the County Counsel will be resolved with no material adverse effect upon the County's financial position.

XII. OTHER INFORMATION (continued)

E. OUTSTANDING ENCUMBRANCES

The County required outstanding encumbrances for contracts to lapse at June 30, 2006. Outstanding encumbrances related to purchase orders were allowed to carryover. The amount of contract encumbrances re-appropriated as part of the subsequent year's budget was \$1,320.

F. DEFERRED COMPENSATION PLAN

The County has made available to its eligible employees a deferred compensation plan under the terms of Section 457 of the Internal Revenue Code. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. Amounts accumulated under the plan have been invested in several investment options at the direction of the employee.

The Small Business Job Protection Act of 1996 changed the Internal Revenue Code Section 457 to protect participant assets from the creditors of a bankrupt or financially troubled public jurisdiction. The County has complied with the provisions of this act. As of June 30, 2006 there was \$255,169 in the Deferred Compensation plan, which is not included as part of the County's financial statements.

G. PENSION PLAN

Plan Description

The County's Board of Supervisors established the Kern County Employees' Retirement Association (K.C.E.R.A.) under the provisions of the County Employees' Retirement Law of 1937 on January 1, 1945. All permanent employees of the County of Kern and twelve related agencies are covered by K.C.E.R.A., which operates as a cost-sharing multi-employer defined benefit plan. It is the responsibility of K.C.E.R.A. to function as an investment and administrative agent for the County with respect to the pension plan.

K.C.E.R.A. became independent from the County's supervision and control as a result of the 1992 passage of Proposition 162, which legally established the independent control of the Board of Retirement. Separate audited financial statements can be obtained from the Association at 1115 Truxtun Avenue, Bakersfield, California 93301.

Management of the K.C.E.R.A. plan is vested with the Board of Retirement, which consists of nine members and two alternates. The Board of Retirement establishes policy for the operation of the plan, considers applications for disability retirement, recommends contributions on the basis of actuarial valuations and controls investment of assets. Prior to January 1, 1996, the Kern County Treasurer-Tax Collector was responsible for financial reporting and accounting for all investments as required by Government Code Section 31596; thereafter, responsibility for financial reporting and accounting is vested with the Board of Retirement as required by Government Code Section 31596 et seq., as amended. On January 11, 1987, the Board of Retirement authorized the retirement fund to incur an administrative expense and hire an Administrator to serve at the Board's pleasure. The Administrator is responsible for the processing and computing of applications for retirement

XII. OTHER INFORMATION (continued)

G. PENSION PLAN (CONTINUED)

Plan Description (continued)

benefits, refunds, beneficiary allowances, death benefits, reciprocity, and any other duties the Board may assign. The Administrator also acts as Secretary for all Board and Committee meetings and performs other activities as directed by the Board of Retirement. The K.C.E.R.A. Plan provides for retirement, disability, death, beneficiary and cost-of-living benefits. As of June 30, 2006, employee membership data related to the pension plan was as follows:

| | <u>General</u> | <u>Safety</u> | <u>Total</u> |
|--------------------------------------|----------------|---------------|--------------|
| Active Employees | 6,628 | 1,646 | 8,274 |
| Terminated Employees – Vested | 844 | 110 | 954 |
| Retirees and beneficiaries currently | | | |
| receiving benefits | 3,992 | 1,280 | 5,272 |
| | 11,464 | 3,036 | 14,500 |

All eligible employees must participate in the Kern County Employees' Retirement Association. A member may retire after reaching the age of 50 with 10 years of service; or general members may retire with 30 years of service and safety members may retire with 20 years of service, regardless of age. Members who retire at or after age 50 with 10 or more years of service are entitled to pension benefits for the remainder of their lives. The amount of such monthly benefit is determined as a percentage of their final monthly compensation and is based on age at retirement and the number of years of service. The final monthly compensation is the monthly average of the final 12 months compensation, or, if the member so elects, any other continuous 12-month period in the member's work history. Retiring members may choose from four optional beneficiary retirement allowances. Pension provisions include deferred allowances whereby a member may terminate his or her employment with the County after five or more years of County service. If the member does not withdraw his or her accumulated contributions, the member is entitled to all pension benefits after being vested five years, and upon reaching the age of 50 with 10 or more years of participation in the retirement system. An active member's beneficiary is entitled to receive death benefits which consist of accumulated contributions plus interest, and one month's salary for each full year of service up to a maximum of six months salary. A member with five years of service, regardless of age, who becomes permanently incapacitated for the performance of duty will be eliqible for a non-service connected disability retirement. Any member who becomes permanently incapacitated for the performance of duty, as a result of injury or disease arising out of and in the course of employment, is eligible for a service connected disability regardless of length of service or age.

Basis of Accounting

K.C.E.R.A. follows the accounting principles and reporting guidelines as set forth in Statement 25 of the Governmental Accounting Standards Board. The financial statements are prepared using the accrual basis of accounting and reflect the overall operations of K.C.E.R.A. Member and employer contributions are recognized in the period in which the

XII. OTHER INFORMATION (continued)

G. Pension Plan (continued)

contributions are due, and benefits and refunds are recognized when payable in accordance with the terms of the plan.

Method Used to Value Investments

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates. Mortgages are reported at the remaining principal balance and are collateralized by deeds of trust on real property. The fair value of real estate investments is based on independent appraisals. Investments that do not have an established market are reported at estimated fair values.

Concentrations

The KCERA's investment policy limits exposure to any single manager or product. The maximum allocation to a single active manager is up to 30% of the aggregate market value of the Fund. The maximum allocation to a single active management product is 15%. This limitation applies to any non-index investment vehicle. With the exception of U.S. Government bonds, portfolios may not invest more than 5% per investment grade issuer. The K.C.E.R.A.'s investment portfolio contained no investments in any one single issuer greater than 5% of plan net assets as of June 30, 2006 (other than U.S. Government securities).

Funding Policy

The County, Special Districts, and certain covered employees make contributions to the plan at rates calculated by an actuary to cover both normal cost and the prior service costs such that any unfunded liability will be funded over an initial 30-year period. In accordance with the County Employees' Retirement Law of 1937, covered employees are required to pay a percentage of their salaries, depending upon their age at date of entry into the system. The County must provide annual contributions sufficient to satisfy the actuarially determined contribution requirements as mandated by state statutes. For fiscal year 2006, the employer contribution rates were actuarially determined by using the Entry Age Funding method.

The employer contribution rates are made up of two parts:

- The Normal Cost, or the cost of the portion of the benefit that is allocated to the current year.
- The payment to amortize the Unfunded Actuarial Accrued Liability (UAAL). The UAAL is
 the excess of the Plan's accrued liability over its assets. Most of the UAAL currently is
 being amortized over 30 years, except for the additional liabilities due to granting Golden
 Handshake benefits, which are amortized over three years from the year in which they
 were granted.

The Memorandum of Understanding (MOU) adopted August, 2004 between the County of Kern and its general employees states that all general members hired prior to the first day of payroll period 04-16 shall pay 100% of the employees' normal contribution until they have

XII. OTHER INFORMATION (continued)

G. Pension Plan (continued)

Funding Policy (continued)

attained five years of service. Those employees shall no longer be required to make their normal contribution to retirement and the County shall pay 100% of those employees' normal contributions. All general members hired on or after the first day of payroll period 04-16 shall pay 100% of the new employees' normal contribution to retirement. The MOU adopted May, 2004 between the County of Kern and its safety employees states that all safety members with five or more years of service shall not be required to pay any contributions to retirement and the county shall pay 100% of those employees' normal contribution. Ten out of the twelve Special Districts adopted the provisions in the County of Kern MOU.

For the year ended June 30, 2006, the County's total payroll for all employees amounted to \$440,084. The County's total covered payroll for the same period amounted to \$394,312. Covered payroll refers to all compensation paid by the County to active employees covered by the pension plan on which contributions to the pension are based.

The County's contribution rates for the year ended June 30, 2006 were determined in accordance with an actuarial valuation performed December 31, 2004. An annual 2% cost-of-living adjustment (COLA) for all retirees and continuance beneficiaries was adopted as of April 1, 1973. The liability for this annual retirement benefit increase was funded entirely from the unreserved fund balance until February 5, 1983. After this date (as recommended by the Plan's Independent Actuary, adopted by K.C.E.R.A. Board of Retirement, and approved by the County of Kern Board of Supervisors) and prior to fiscal year 2003, funding the 2% COLA was included in the employers' contribution. Cost-of-living adjustment for all retirees and continuance beneficiaries was increased to 2.5% effective April 1, 2002. In fiscal year 2006, the plan had no excess earnings and the current funding for the cost-of living reserve is included in the employers' contributions. Contributions to K.C.E.R.A. at June 30, 2006 were \$112,509 of which \$100,734 were employer contributions, and \$11,775 were regular employee contributions (26% and 3% of covered payroll, respectively). The total contribution consisted of \$93,382 normal cost (24% of covered payroll) plus \$19,127 amortization of the under-funded actuarial accrued liability (5% of covered payroll).

The County Administrative Office had successfully negotiated an agreement to the Memorandum of Understanding (MOU) with the Central California Association of Public Employees (CCAPE) adopting Government Code Section 31676.17 which provides enhanced retirement benefits, commonly known as 3% at 60, for General members.

The County's contribution represented 94% of total contributions required of all participating employers. Employer contribution rates are applied to total member compensation defined for retirement purposes. There have been no differences between the contributions required and the contributions actually made. Pension expenditures were calculated to include contributions made based on the annual required contribution plus payments for debt service on the pension obligation bonds described below. Payments for the pension obligation bonds are not included as part of the annual required contribution nor the net pension obligation.

G. Pension Plan (continued)

Funding Policy (continued)

Special Districts did not participate in the funding provided by a pension obligation bonds issued by the plan sponsor in November 1995 and May 2003; therefore, separate employer contribution rates are required to fund the unfunded liabilities for each class of participation as follows:

H. LANDFILLS

Prior to fiscal year 1988 - 1989, Kern County Waste Management was funded entirely by the County General Fund. In fiscal year 1988 - 1989 the Board approved a solid waste management program land use fee on all parcels of real property, but land use fee revenue continued to be supplemented by a contribution from the General Fund. In fiscal year 1992 - 1993 the County General Fund contribution to the Waste Management Enterprise Fund was eliminated and the Department became entirely fee supported. The Board of Supervisors

XII. OTHER INFORMATION (continued)

H. LANDFILLS (continued)

eliminated the land use fee for non-residential property and approved a tipping fee for non-residential waste beginning in fiscal year 1993 – 1994. All revenues are placed in the Waste Management Enterprise Fund exclusively for waste management.

State Financial Assurance Mechanism regulations require landfill operators to set aside funds, or provide alternative funding mechanisms, to fund the closure expense and post-closure maintenance of landfills. In response, Kern County established a designated reserve account to fund closure maintenance. As of June 30, 2006, the Waste Management Enterprise Fund had a designated cash reserve of \$30,612. Annual liabilities for closure are based on a State mandated formula that insures the closure account for each landfill will be fully funded prior to the estimated date the landfill will close. Estimated closure costs are based on the most recent closure plans submitted to the State. Regulations require the County to prepare detailed closure plans for each landfill. The plans include an engineer's cost estimate for closure design, construction of final cover, construction of monitoring systems and other related activities.

Closure plans are reviewed and approved by the California Integrated Waste Management Board. The pledge of future revenue for post-closure maintenance costs is also based on the most recent plans submitted to the California Integrated Waste Management Board. For post-closure maintenance, the engineer's cost estimate included monitoring and erosion control. If, at some future date, these closure plans and cost estimates are adjusted (due to changes in inflation, deflation, technology, regulations, etc.), the County is required to make corresponding changes in the amount of funds deposited for closure and in the pledge of future revenue.

The County currently operate seven Class III landfills, three large volume transfer stations, and six small volume transfer stations that are all strategically located throughout Kern County. These facilities serve the solid waste disposal needs of the County's eleven incorporated cities as well as unincorporated areas.

XII. OTHER INFORMATION (continued)

G. LANDFILLS (continued)

Estimated closure and postclosure costs as of June 30, 2006 are \$74,027 and \$34,272 respectively. The County's landfills are listed below, along with their estimated remaining useful lives, total capacity and percentage of capacity used:

Under Title 27 of the California Code of Regulations, landfill owners/operators are required to obtain and maintain assurances of financial responsibility to initiate and complete corrective action for all known and reasonably foreseeable releases (RFRs). These requirements first came into effect when Article 5 (Title 23, Chapter 15) was revised in 1991. The Waste Management Department has established a groundwater corrective action designated reserve to fund capital costs for each landfill where it is appropriate. In addition, the Waste Management Department has established a pledge of revenue to cover on-going maintenance and operation of any capital improvements that are constructed. The current designated reserve account of two million dollars is expected to satisfy all capital expenditures to implement corrective action at the 16 landfill sites.

Each year a portion of the landfill's estimated closure and post-closure costs are recognized as an expense and liability based on the capacity used to date. As of June 30, 2006, the landfill closure liability has been recorded at \$29,969 and is included in the liabilities of the Waste Management Enterprise Fund. This represents the cumulative liability to date. The remaining \$44,058 anticipated closure costs will be recognized in future years. The \$34,272 post-closure cost will be updated annually.

I. JOINT VENTURES

In accordance with the Joint Exercise of Powers agreement between the Ford City – Taft Heights Sanitation District and the City of Taft dated May 29, 1950, and amended March 7, 1966, April 24, 1972 and August 20, 1991, the City of Taft acts on its own behalf and on behalf of the District to operate and maintain a Wastewater Treatment Plant. Costs to operate and maintain the facility are apportioned 52% to the City and 48% to the District.

The Wastewater Treatment Facility and the result of its operations are reported as a component unit of the City. Audited financial statements for the City of Taft, Ford City-Taft Heights Sanitation District Wastewater Treatment Plant may be obtained through the City of Taft located at 209 East Kern Street, Taft, CA 93268.

At June 30, 2006, the Wastewater Treatment Plant has a capital reserve of \$2,247 (unaudited). This reserve is estimated to provide adequate maintenance and capital acquisition for the facility.

J. SECURITIZATION OF TOBACCO SETTLEMENT REVENUES

In November 1998, the Attorney General of 46 states and the four largest U.S. tobacco manufacturers (the "OPMs") entered into a Master Settlement Agreement (the "MSAs") in resolution of cigarette smoking-related litigation between settling states and the OPMs. On August 5, 1998, the counsel representing the state, various cities and counties in California and certain other parties entered into a Memorandum of Understanding (the "MOU") pursuant to which each participant jurisdiction is entitled to receive a portion of the payments to be made to the State of California pursuant to the MSA. The members are allowed to sell or otherwise exchange their rights to receive payments under the MSA and the MOU for a cash payment, thereby self-insuring, hedging against or otherwise managing the risk associated with the receipt of such revenue, and assuring the availability of monies to fund the social needs of its population.

The County elected to participate in a Joint Powers Agreement made in accordance with Chapter 5 of Division 7 of Title I of the Government Code of the State of California dated as of November 15, 2000, by and among the County of Stanislaus, the County of Merced, and the County of Sonoma formed the California County Tobacco Securitization Agency (the Agency). The Agency is an entity that is separate from each of the member Counties. The debts, liabilities, and obligations of the Agency, including any bonds, do not constitute debts, liabilities or obligation of any of the member Counties.

The Agency has the power to issue bonds secured by the MSA payment of one or more members, the proceeds of which will be used directly or indirectly to purchase all or a portion of the MSA payments.

In furtherance of its objective to ensure and otherwise protect against the risk of a substantial decline in Tobacco Revenue and to assure a source of fund for County programs, the County formed a non-profit public benefit corporation named the "Kern County Tobacco

Revenue Financial Corporation" (the NPC) and sold to the NPC pursuant to the terms of an Installment Sale, Self-Insurance and Risk Transfer Agreement between the County and the NPC all right title and interest of the County and to the Tobacco Revenue. The NPC has been included as a blended component unit of the County.

The bonds are limited obligations of the Agency payable solely from payments made by the Corporation, from tobacco settlement payments purchased from the County, between the Corporation and the Agency. For the year ended June 30, 2006, \$6,564 of tobacco settlement payments was recorded as aid from other governments in the Kern County Tobacco Corporation Non-major debt service fund. The bonds do not constitute a charge against the general credit of the Agency or the County and neither will the Agency (except from loan payments by the Corporation) or the County be obligated to pay the interest on or principal of these bonds. These bonds do not constitute a legal debt, liability or obligation of the County.

XIII. SUBSEQUENT EVENTS

A. TAX AND REVENUE ANTICIPATION NOTES

On July 3, 2006, the County issued Tax and Revenue Anticipation Notes (TRANS) totaling \$160,000 due on June 29, 2007. The proceeds of the TRANS are intended to provide financing of seasonal cash flow requirements for the County's General Fund expenditures during the fiscal year ending June 30, 2007. A pledge of property taxes, income, revenue and other monies of the County allocable solely to fiscal year 2006-07 and legally available secure the TRANS.

I. BUDGETARY BASIS OF ACCOUNTING

A. BUDGETARY INFORMATION

In accordance with the provisions of Sections 29000 through 29144 of the California Government Code and other statutory provisions, commonly known as the County Budget Act, the County prepares and legally adopts a budget on or before August 30 for each fiscal year. Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds, except that such budgets integrate the County's encumbrance system, and, accordingly, they differ from budgets prepared in accordance with generally accepted accounting principles in this regard. In addition, capital leases are budgeted for the current annual portion, and, under generally accepted accounting principles, the full amount of the leased asset purchased is required to be recorded as an expenditure in the year purchased.

Annual budgets are not adopted for the Public Improvement Districts Non-major Governmental Fund, the District Attorney Equipment Automation Non-major Governmental Fund, the District Attorney Local Forfeitures Non-major Governmental Fund, the Property Tax Administration Non-major Governmental Fund, the Sheriff Fingerprint Identification Non-major Governmental Fund and certain other non-major governmental funds. Annual budgets are not adopted for the Accumulative Capital Outlay-Road Non-major Governmental Fund, and the County of Kern Asset Leasing Non-major Governmental Fund, Public Health Facility Loan Trustee Non-major Governmental Fund, and Pension Obligation Trustee Non-major Governmental Fund. A budgetary comparison schedule is not presented for these funds.

The County controls expenditures from non-budgeted funds primarily by monitoring cash balances throughout its integrated accounting and warrant writing system. Non-budgeted debt service payments are determined by the terms of bond indentures.

The aggregated County budget is an accumulation of current operating budgets within the budgeted funds operations. The County prepares annual budgets for its Enterprise and Internal Service Fund activities; however, such budgets are not presented since such comparison would make evaluation of the accrual basis of accounting funds unduly complex. All budgetary transactions must be approved by a four-fifths (4/5) vote from the Board of Supervisors.

The County budgets by fund and by object within all budgeted funds except for the General Fund. Budgetary control in the General Fund is exercised at the department level by object. The legal level of control is at the major object level, salaries and employee benefits, services and supplies, other charges, fixed assets, and expenditure transfers and reimbursements for all budgeted funds. The dollar amount limitation effectively lowers the legal level of budgetary control to the object level.

I. BUDGETARY BASIS OF ACCOUNTING (continued)

A. BUDGETARY INFORMATION (continued)

There were no material excess expenditures over the related appropriations in any object level within any other fund. Final budget amounts, as reported, represent adjusted figures at year-end. The Board must approve transfers of appropriations between departments. The Board must also approve supplemental appropriations necessary and normally financed by unanticipated revenue during the year. Unanticipated revenues of \$13,778,316 were added to appropriations in the General Fund during the fiscal year.

Depending upon the amount transferred, the Board or the County Administrative Office must approve transfers of appropriations between objects of expenditures within the same budget unit. Final budget amounts reported in the accompanying financial statements are as amended. Any excess of budgetary expenditures and other financing uses over revenues and other financing sources is financed by beginning available fund balances as provided for in the County Budget Act.

A comparison of the budgeted and actual revenues and expenditures is presented on a budgetary basis in the financial section. The County also prepares a separate Final Budget document at the object level, which is made available to the public by the Auditor-Controller-County Clerk's office.

Encumbrances, which are commitments related to executory purchases for goods or services, are recorded for budgetary control purposes in the budgeted funds. Encumbrance accounting is utilized to assure effective budgetary control and accountability. Encumbrances outstanding at year-end represent the estimated amount of expenditures ultimately to result if the purchases in process at year-end are completed. Outstanding encumbrances for contracts were required to lapse at June 30, 2006. Outstanding encumbrances related to purchase orders were allowed to carryover and are reported as reservations of fund balance for subsequent year expenditures. Unused or unencumbered appropriations at year-end close to fund balance.

B. RECONCILITATION OF BUDGETARY BASIS TO GAAP

The annual County budget is prepared, approved and adopted in accordance with provisions of the County Budget Act. In preparing the budget, the County utilizes a basis of accounting, which is different from the basis prescribed by generally accepted accounting principles (GAAP).

NON-MAJOR GOVERNMENTAL FUNDS

SPECIAL REVENUE FUND DESCRIPTIONS

Special revenue funds are revenues derived from specific taxes or other designated revenue sources. Primary revenue sources include taxes; fines, forfeitures and penalties; use of money and property; aid from other governmental agencies; charges for current services; and other revenues. Expenditures are for specific activities that are legally authorized to be financed from the individual funds. These special revenue funds are described below:

Aging and Adult Services – This fund accounts for the development and maintenance of Countywide programs to provide social, nutritional and protective services to seniors and other adults.

Building Inspection – This fund provides for enforcement of State and local regulations governing construction through the issuance of building permits and inspection of new construction in the unincorporated areas of the County.

Community Development – This fund accounts for Federal Community Development Block Grants that are used to develop viable urban communities through the provision of decent housing, a suitable living environment, and economic opportunities for low and moderate-income individuals.

County Service Areas – This fund accounts for a broad range of services to remote geographical areas as well as rapidly growing communities. These funds are financed principally from property taxes.

District Attorney Equipment Automation – This fund accounts for special grants for the acquisition of equipment for automation of the District Attorney, and specialized equipment for the Crime Laboratory.

District Attorney Local Forfeitures — This fund was established to account for the County's allocation of civil judgements and asset forfeitures.

Emergency Medical Services – This fund provides for the coordination of all participants in the emergency medical services system in the County, as authorized under the Health and Safety Code.

Local Public Safety – This fund is used to separately account for proceeds from a half-cent sales tax enacted through the passage of Proposition 172 in November 1993. Proceeds are allocated from this fund to the District Attorney, Public Defender, Sheriff, Probation and Fire.

Planned Local Drainage – This fund accounts for Planned Drainage Areas established in 1976 to finance the construction of storm drain facilities.

Property Tax Administration — This fund accounts for monies received from the State to enhance the property tax administration system.

Public Improvement Districts – These funds account for monies derived from assessment districts for the construction of public improvements.

Sheriff Inmate Welfare – This fund accounts for monies derived from the commissary sales and telephone charges at the County Jail. Funds are used for the welfare and benefit of inmates housed in the County Jail.

Sheriff Fingerprint Identification – This fund accounts for monies collected through a \$1 fee added to all vehicle registrations to the County with the cost of purchase and replacement of automated fingerprint equipment.

Tobacco Litigation Settlement – This fund accounts for monies derived from the tobacco litigation settlement with four major domestic tobacco companies.

NON-MAJOR GOVERNMENTAL FUNDS

CAPITAL PROJECTS FUNDS DESCRIPTIONS

The capital projects funds serve as depositories for revenues received from the sale of real property and such other revenue as designated by the Board of Supervisors. The Board of Supervisors generally appropriates these funds for capital outlay.

Master Lease - This fund accounts for proceeds from the Master Lease financing for the acquisition and installation of the emergency computer aided dispatch (CAD) system for the Sheriff and Fire departments, and the Sheriff's Lerdo Facility retrofitting and the election voting system for the Elections Department.

Accumulated Capital Outlay - Road - This fund accounts for proceeds from the sale of real property, which are used for capital outlay purposes.

Separation of Grade – This fund accounts for the proceeds from various participating entities such as the State of California, City of Bakersfield, and Union Pacific Railroad for the Oak Creek and Calloway Road Separation of Grade construction projects.

NON-MAJOR ENTERPRISE FUNDS

FUNDS DESCRIPTIONS

Enterprise funds are used to account for operations: (a) that are financed and operated in a similar manner to private business (where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges) or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

County Sanitation Districts - These funds consist of two sanitation districts, Kern Sanitation Authority and Ford City-Taft Heights. These funds are administered by the Waste Management Department, which is responsible for the planning, design, construction, operations, and maintenance of the County's sanitation districts.

Golf Course - This fund is used to finance new capital improvements and replace existing capital improvements as necessary. Revenues are generated primarily from a percentage of user fees collected by lessee.

Public Transportation - This fund is administered by the Roads Department and provides for the planning, development and management of public transportation for intercity routes and unincorporated areas of Kern County.

Universal Collection — This fund is administered by the Waste Management Department and segregates the revenues and expenses related to waste pick-up and disposal within the universal collection area that encompasses the more densely populated unincorporated areas of metropolitan Bakersfield, South Taft and Lost Hills.

INTERNAL SERVICE FUNDS DESCRIPTIONS

Internal service funds accounts for services furnished to other County departments and are financed primarily by charges for such services. Because the internal service funds are separated from the regular County operations, they are free to employ commercial accounting techniques and are often used in situations where a more accurate determination of costs is desired.

General Liability - This fund provides for the funding, administration and operation of a self-insured system to meet the county's legal liability for damages to persons and/or property arising out of the County's general and automotive activities.

General Services - Garage - This fund provides funding for purchase and maintenance service for vehicles assigned operationally to County departments, excluding those departments that maintain and operate their own vehicle fleets (Parks, Fire, Roads, Airports, and Sheriffs Lerdo Facility).

Group Health - This fund provides for the funding, administration and operation of the County employees' health and dental insurance plans. This fund is administered by the County Administrative Office and is financed through charges to the operating departments and special districts enrolled in the program.

Retiree Group Health - This fund provides for the County's contributions to the Retired Employees Health Insurance and the Retiree Premium Support Program.

Unemployment Compensation - This fund provides for the funding, administration, and operation of the Unemployment Compensation Program to meet the County's obligation of providing unemployment benefits to former employees eligible under State law.

Workers' Compensation - This fund provides for the funding, administration and operation of the self-insured system to meet the County's statutory obligation to compensate its employees for work related injuries and illnesses.

FIDUCIARY FUNDS DESCRIPTIONS

Agency Funds - Agency funds are funds under the control of individual County officers who use them for the deposit of various types of receipts and to accumulate resources for specific purposes. Unapportioned funds are used for recording the collection and distribution of property taxes and interest on bank deposits. Disbursements are made from these funds by warrants issued by the Auditor-Controller-County Clerk upon the requisition of the responsible officer.

^a Secured property is generally real property, defined as land, mines, minerals, timber and improvements such as buildings, structures, crops, trees and vines.

^b Unsecured property is generally personal property including machinery, equipment, office tools and supplies.

^c Unitary properties are railroads and utilities crossing the county and are assessed by the State Board of Equalization.

^d Exempt properties include numerous full and partial exclusions/exemptions provided by the State Constitution and the legislature that relieve certain taxpayers from the burden of paying property taxes.

^e Due to 1978 passage of the property tax initiative Proposition 13 (Prop 13) the County does not track the estimated actual value of all County properties. Under Prop. 13, property is assessed at the 1978 market value with an annual increase limited to the lesser of 2% or the CPI on properties not involved in a change of ownership or properties that did not undergo new construction. Newly acquired property is assessed at its new market value (usually the purchase price) and the value of any new construction is added to the existing base value of a parcel. As a result, similar properties can have substantially different assessed values based on the date of purchase. Additionally, Prop 13 limits the property tax rate to 1% of assessed value plus the rate necessary to fund local voter-approved bonds and special assessments.
